I. OLD BUSINESS

- a. Review the the presentation to the Board of Trustees.

Jenny and Omar shared the power point presentation regarding the strategic plan. They indicated what changes they still wanted to make and asked for the committees reaction to what they had developed. They explained that in some areas they were looking to add more pictures along with quotes from the community. We discussed whether to add music. The feedback from the rest of the committee was that the power point was well done and on the right track.

- b. Discuss adjustments needed

The committee feels there are only a few minor adjustments needed in the power point presentation. Ultimately, we want the Board to understand the process we used in forming our strategic plan goals and to recognize the importance of adopting a plan that represents our findings. We hope that the presentation is entertaining, but also informative. We hope to convey to the Board our belief that the plan must be goal orientated and show that we are being responsive to the needs of the community of West Chicago.

J. ADJOURNMENT
