CLASS

Our freshman class consists of 234 students including one set of twins. We elected seven outstanding students to represent us in the Student Council. These students are Vlasta Blaha, Dorothy Dempsey, James Kieft, Jean McAleese, Tom Reno, Connie Theis, and Richard Ward.

Our class did very well with our float, "Whip 'Em," winning third place.

and
CAPTAINS

L. to R.: Coach Ream, Tim Seeley, Bill Szorc, and Coach Kerner.

For the second straight year the West Chicago football team has taken third place in the Little Seven Conference. A record of five wins, two losses, one tie is the best record established since 1954, proving definitely that football has come back to West Chicago.

The boys started out by defeating Crystal Lake 24-0. Not only were we overpowered by Naperville, but we lost the services of Tim Seeley in the Naperville, Belvidere, (tie), and Sycamore (loss) games. For the remainder of the season West Chicago played top foot-

ball.

We won our next four games in a row over St. Charles, Mooseheart, Geneva, and Batavia. The overall season was a big success, and the boys deserve much praise.

The Co-captains this year were Tim Seeley and Bill Szorc. Reggie Haag was voted the most valuable player award by his teammates. The captains elect for the 1963 season are Dale Hittman, Bob Craterfield, and Bob Mayer.

FROSH-SOPH FOOTBALL

The Kits started slowly and showed many weaknesses on defense. After the second game of the season, however, our defensive team started to work together; from then on we were a much improved club. With our share of the breaks, the Kits could easily have had a 4-3 record for the season instead of a 2-5 record in the conference.

The team members have a real cause to be pleased. They worked hard during every practice session, maintained good team spirit and morale, and continued to improve. During the season many of the boys developed into outstanding players; others showed great promise. Even the boys who did not play much during the games helped our team during practice sessions.

FRESHMAN FOOTBALL

This year's freshman squad was the largest the school has seen, with 34 boys still out at the end of the season. In most of the games the team started out slowly and didn't really play well until the second half. In both the Kaneland game and the Geneva game the score at half-time was 14-0 in favor of the opposing team.

However, in the second half their defense got tough and their offense pushed, but not quite enough. They lost both these games 14-6. Their over-all record of three wins and four losses belies the ability the team showed once they got started.

CROSS COUNTRY

The good showing of the sophomores shows promise for a good season next year. The sophomore team would have had a better record this year if two of the sophomores had not spent most of the season on the varsity team.

The varsity was hurt this year by a lack of depth as was evident by the loss of some close meets where a good fifth, sixth, and seventh man could have made the difference.

Next season the team expects more spectator support by running a course near the high school. This will enable more students to watch the boys run and to cheer them on. This new course will be shorter than the one previously run at Reed Park.

The outstanding runner this year was sophomore Mike Pratt, who ran as the number one man on the varsity and who set a new school record of 11:47 for the 2.3 mile Reed Park course.

Mr. John Murphy

Mr. George Culley

Congratulations to the class of '63. We wish them continued success in their educational and vocational endeavors. We hope that happiness and enduring peace may be their rewards as they assume their roles as responsible productive citizens in our democratic society.

Next year will provide another opportunity for continuing work with the returning underclassmen. Every effort will be made by the entire school staff, the Board of Education and the community to provide them with a continually improved curriculum and adequate physical facilities. Our common goal shall be to provide the youth of this community with the best educational opportunities possible with the resources available.

In closing this school year, let me express my personal appreciation to the students, staff, Board of Education and the community for their fine spirit of cooperation and sincere interest in the educational program of the high school.

John Weyrauch, Principal

"GUIDANCE COUNSELORS"

West Chicago Community High School has two guidance counselors, one for freshmen (Mr. Schwartz) and one for the upper classmen (Mr. DeLap). Both teachers and students may make use of this guidance service in order to understand better the students' problems so as to aid in their solution. When a student wishes to talk to a counselor, the procedure is to make an appointment a day or two ahead of time to assure adequate time for the conference.

When a student graduates from eighth grade, the first step in his enrollment in high school is a talk with the counselor. This is to help the student decide what curriculum to take (College Preparatory or Vocational). After making this important decision, the student must decide which courses to take. For all students three years of English, three years of social studies, and four years of physical education are required. The rest of the courses may be selected from a variety of subjects, depending upon the student's needs. The counselor will keep in touch with the student throughout his high school career, having talks every so often.

Throughout the counseling and testing programs, student preferences, aptitudes, and achievements are studied. Test information is interpreted for students and parents to aid students in selecting proper careers and in making sound adjustments. Accurate records are kept on each individual student to help him in filling out applications for college or employment. The guidance department also administers various state and school tests given to students in groups.

There are many reasons for seeing your counselor: for curriculum selection, class failures, test results, home and school adjustments, jobs, college selection, graduation requirements, changes of schedules, etc. It is very important for each and every student to take advantage of the counseling services available to them while in high school.

Mr. DeLap

Mr. Schwartz

OFFICE HELP: Mrs. Phyllis Timm, Mrs. Henrietta Kovarik.

NURSE: Mrs. Vietta Larkins

Students may report to our nurse, Mrs. Larkins, who will help them in case of illness or accident. All freshmen are required to take a physical and dental examination. If a student wears glasses or has eye or ear complaints, additional tests are available. TB X-rays are given to all seniors.

Besides these services, health information and literature about most schools in the field of medicine are available to interested students.

"STUDY HALL"

One study period per day permits students to do much of their homework at school or to get passes to the library for personal reference or research work. Each study hall is also provided with some general reference books.

New this year is a seventh hour detention hall in Study Hall 215 to discourage the various incompatible actions of the few students receiving the "pink slip" from the principal or teachers.

"LIBRARY"

Student librarians aid Miss Koupal and Mrs. Witt to provide the maximum help for their varied needs. The student is required to do some kind of library work throughout the year, and our library provides them with the necessary materials.

In this competitive world of conflicting ideologies science may determine the eventual success of the American way of life. To challenge all We-Go students, introductory science courses include EARTH SCIENCE, which is the study of earth, oceans, space, weather, and climate. BIOLOGY is the study of living things, including man and animal. PHYSICAL SCIENCE is a gen-

eral study of chemistry, physics, astronomy, geology, and atomic energy.

Advanced science courses for pre-college students or those students having special interests include CHEMISTRY, which is the composition and changes of matter, and PHYSICS, the study of natural and synthetic energy.

SOCIAL STUDIES

Man has always sought for a better way of life. Only an adequate study of the past enables a person to plan a better life for the future. World history and American history provide this background.

To understand and to appreciate the American way of life, the student must have an adequate knowledge of the democratic processes of America in comparison with life in other modern nations. Courses in social studies and American government cover this broad area.

Students' personal and/or occupational needs for adequate skills are met by eight different courses. One semester subjects are basic typing, general business (for knowledge of business goods and services), office machines, and business law.

For students who are planning to earn a living in the business world by the development of special skills, two semester courses include advanced typing, bookkeeping, shorthand, and advanced shorthand.

Immeasurably stressed today in colleges is foreign language, reflecting the needs of Americans for more direct communication and understanding with other countries.

The three year Spanish course offers students fluency in speaking, reading and writing of the Spanish language, a language used widely in our Western Hemisphere.

"SPANISH"

French is being offered at WCCHS this year for the first time in many years. The object of the first year course is to introduce the student to the people of France, their culture and their language; to make that language live by hearing, speaking, reading, writing and singing it. French II, to be followed ultimately by French III and IV will strive to increase the student's proficiency.

"FRENCH"

Four years of Latin are offered this year. The knowledge of Latin is a good basis for all the Romance languages. Students learn the grammatical structure of Latin, discover the advanced civilization of ancient Roman Empire, and read the works of Roman writers, concentrating on Caesar, the Aeneid, and Mythology.

"LATIN"

Mrs. HOWARD

Art is a broad term applied to the many aesthetic activities that make our lives more interesting and enjoyable from a sense of the appreciation of the beautiful to the sense of satisfaction in personal creativity. Art I enables all students to study and practice the various applied arts of man. Art II enables the student to work on advanced projects. Art III permits the skilled student and his teacher to work together upon more advanced projects and study more specifically the particular medias of the art field.

PHYSICAL EDUCATION

Girls' P.E.

To help girls to develop better physically, socially, and mentally, girls physical education offers hockey, basketball, modern dance, stunts and tumbling, apparatus, volleyball, softball, badminton, and archery. In addition, the junior and senior classes do classroom work on the principles of ice skating and skiing.

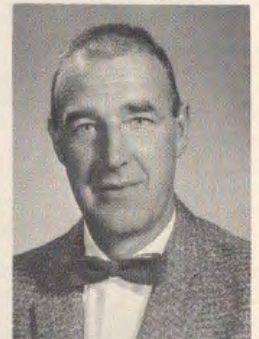

Boys' P.E.

The teen-age boy needs plenty of exercise to develop proper co-ordination, strength, endurance, posture, and agility. This he gets in touch football, flickerball, speedball, basketball, baseball, volleyball, tumbling, wrestling, gymnastics, and track. Something new that is being given to the boys this year is three weeks of health.

SEWING

Sewing should be taken by all girls planning to be future homemakers because it is an economical as well as an aesthetic way to obtain a good wardrobe. The girls learn how to use various patterns, proper pattern placement and cutting techniques. They are also taught how to sew on a variety of fabrics and how to do the many hand stitches.

FOODS

Every girl, as a future housewife needs to know principles of good nutrition, leading to good meal planning, and to develop skills and techniques in actual preparation of simple foods. In preparing the foods the students by working along with other girls in the kitchen, learn to work together.

CHORUS

This course begins with easy exercises and advances through difficult choral literature. The goal is good ensemble vocal music. To produce this good vocal music the student must make a study of the mechanics of music, sight reading, vocal technique and the blending, phrasing, etc.

E.M.H.

The special education class for the educable mentally handicapped is on its second year of operation in our school. A small class is necessary so that instruction may be on an individual basis.

The course of study stresses three major areas: academic, pre-vocational training, and personal adjustment. Some students participate in physical education, home economics, and art, as well as their regular program.

MR. McHATTON

MR. JAHNS

DRIVER'S TRAINING

The driver education program consists of a minimum of thirty hours of classroom work and six to eight hours of behind the wheel instruction. The classroom work is required of all sophomores and provisions will be made to meet the state requirement.

Yearly accident statistics, reflected by lower insurance costs, prove the value of such a program that encourages the proper habits, attitudes, courtesies, and skills necessary for successful driving today. Local automobile dealers lend us an automobile free of charge each year in order to provide the student with the car for the learning of safe driving.

WINTER

SOPHOMORE — Dictionary meaning: wise but foolish. That's us — a little wiser after a year of high school, but still somewhat foolish in our use of the new-found wisdom. We are approaching the half way mark in our high school careers. Will we wake up? Will we put our wisdom to work while there is still time? Wisdom plus willingness and work will put us well on the way to our respective goals.

VARSITY BASKETBALL

This has been an exciting year as far as varsity basketball goes. Thrills and spills throughout the year were evidenced by an 8-6 conference record and an overall record of 14-10.

Mr. Kyger predicted before the season was under way that the team would finish fifth or sixth in the conference. Their third place victory in the conference was a surprise to the other teams, and it shows what a little hard work and persistence will do.

In the season tournaments the Cats took first place at

Central, second place at Batavia, and, unfortunately, were upset in the state regionals by St. Charles at Aurora East.

The regulars on the varsity this year were seniors Tim Seeley, Gerry Giese, Jim Thompson, Steve Naill, and a junior Steve Barrington. Tim Seeley was selected all-conference guard and Steve Barrington and Steve Naill rated honorable mention. Tim Seeley also won the team championship for freethrows.

VARSITY WRESTLING

Captain Stanley Korona (last year's state finalist) led the Wildcats to a third place finish in the conference tournament. The two champions were Marty Beltowski and Dale Hittman. The second place winners were George Watanabe and Harry Moravec. The two third place winners were Dennis Wold and Tom Madison.

West Chicago had four wrestlers advance from the dis-

trict tournament to the sectional tournament. To do this the following boys had to place first or second in the district tournament: Marty Beltowski, Tom Madison, Dale Hittman, and Harry Moravec. Marty Beltowski, district champ and runner-up in the sectional, advanced to the state finals where he won his opening match but was defeated by his second opponent.

The 1962-63 *Centurion* staff has been working hard to provide an accurate, interesting, and appealing school newspaper.

This year's editors have been stressing accuracy and punctuality to their staff more than ever, and they have come up with very good results.

The Christmas edition of the *Centurion* carried out the past idea of providing competition in advanced English classes. These advanced students were asked to write

short stories, poems, and essays. A few articles were selected and printed in a special six page issue.

The *Centurion* also financed a new polaroid camera for its use. The new camera made available better pictures for a better paper.

The school newspaper is a functional service to the school, and produces factual, controversial, and stimulating articles for the student body.

CLASS

This year's Junior class, the class of 1964, enjoyed many valuable experiences in our first two years at We—Go. Our class, as freshmen, was organized in early spring of 1961 with the election of our first class officers; previous to this we had put our new class spirit to the test when we built our homecoming float "Cream 'Em." But this first year with its new classmates, new interests, new experiences, and new ambitions was brought to a climax with "Here Comes Summer," our closing freshman party.

By the time we were Sophomores, we had gained considerable confidence in our class and exhibited this feeling the originality of our homecoming float "Friendly Persuasion." Later that year, in January, our Sophomore class brightened up mid-term exams with an all-school dance, "Gone With the Wind."

And then suddenly it was September, 1962, and we were suddenly Juniors — upper-classmen at last and with a Prom to plan at that. "Armed for Victory" got us off to a running start by placing second in homecoming float competition. We hope to end this year with a wonderful Prom.

VARSITY TRACK

This was a very successful track season with three dual meet wins and two losses. At the Little Seven track meet they placed fourth.

The best all around track man was Bob Price. He usually scored almost one-third of the team's total points.

Bob Radunzel gained state wide recognition by tying for first place in the state track meet. He was unde-

feated during the whole outdoor season. He was the first West Chicago athlete to ever place in the state track meet, let alone win it.

Other consistent scorers were Larry Sauer, Dan Madison, Dan Messer, Keith Sponholtz, Mike Wehman, Reggie Haag, and Jim Steel. Steel and Haag are both returning.

VARSIITY GOLF

Since this is the third year that West Chicago has had a golf team, most of the boys belonging to the club are experienced. Mr. Richard Howard, sponsor and advisor of the golf team, believes he should have at least seven boys shooting in the low eighties this year. He has hopes, also, that there will be one boy shooting in the seventies. One asset to the club is the fact that last year they did not lose many seniors, and for this reason the Varsity should be fairly strong this year.

The Frosh-Soph is untried, but there were several good freshman boys out last year and this should help a good deal.

In the few short years the team has been in existence its membership has grown somewhat. But "Coach Howard," as the fellows call him, says We-Go should have many more interested guys out for this popular sport.

The varsity team finished the '62 season with 6 wins and 12 losses. Out of our eight conference games we totaled a record of 3 wins and 5 losses. Though we started the season off by losing to Lake Park, the second game brought new hopes for the season when we won over Lisle 11-9. We lost our last game to Naperville after a brilliant victory over Sycamore. Seven lettermen will be returning next year plus promising upcoming juniors. This combination ought to bring us a promising '63 season.

FROSH-SOPH BASEBALL

The 1962 Frosh-Soph baseball season was a season of attempting to find a winning combination. After a slow start, they found such a combination. The record was four wins and nine losses. The freshmen contributed a great deal to the success of the team in the great promise. There are twenty-three freshmen returning as sophomores, four of whom were regulars on this year's squad.

Siti and Eliot Gage, Student Council President

Siti Hindarty Kaharinsijah came to us from the village of Situbondo, which is located at the southeastern end of the island, Java, in the Republic of Indonesia.

Siti arrived here in the United States last August 28. She was met at O'Hare Field by her American family, the John's of West Chicago.

In school this year she has taken English III, American History, sewing, one semester of speech, one semester of basic typing, physical education, and a study hall.

One adjustment she had to make concerns the weather. In Indonesia the average temperature is 90 degrees. This year our temperature at times dropped to 18 and 20 degrees below zero. Her comment on our temperate climate was, "OOOOOOO cold!"

Siti has been our first foreign student. We have enjoyed tremendously her stay with us. If she is typical of all the foreign students, then we are certainly looking forward with anticipation to another one next year.

STUDENT COUNCIL

SEATED l. to r. — Siti Kaharinsijah, Beth Zaccagnini, Elliot Gage, Jane Carey, Darryl Colford, Miss Mahoney, Craig Simmons. 1st Row — Fred Jacobs, Jim Steele, Kathy Kopacz, Dorothy Dempsey, Jean McAleese, Jim DuMolin, Jerri Kiiskila, Rick Pet-

rizilka, Terry Truedt, Connie Theis, Bill Szorc, Joe Jedlovec, Randy Jacobs. 2nd ROW — Dick Ward, Mike Schramm, Jim Kieft, Mike Grammes, Glenn Dau, Steve Naill, Dave Miller, Don Mertes, Tom Reno.

STUDENT COUNCIL OFFICERS

Beth Zaccagnini, treasurer; Jane Carey, secretary; Elliot Gage, president; Darryl Colford, vice-president.

During the last year, the Student Council has undertaken many new projects in addition to the traditional ones. In addition to organizing the Homecoming activities and receiving the school's first foreign exchange student, the Student Council also sold shares of stock in next year's foreign student and revised the school's party rules. The Student Council conducted various assemblies during the year on the American Field Service and summer camps. The Rules committee of the Student Council suggested these changes: homeroom elections to class elections, thereby broadening the representation to that of the whole class. These changes were adopted.

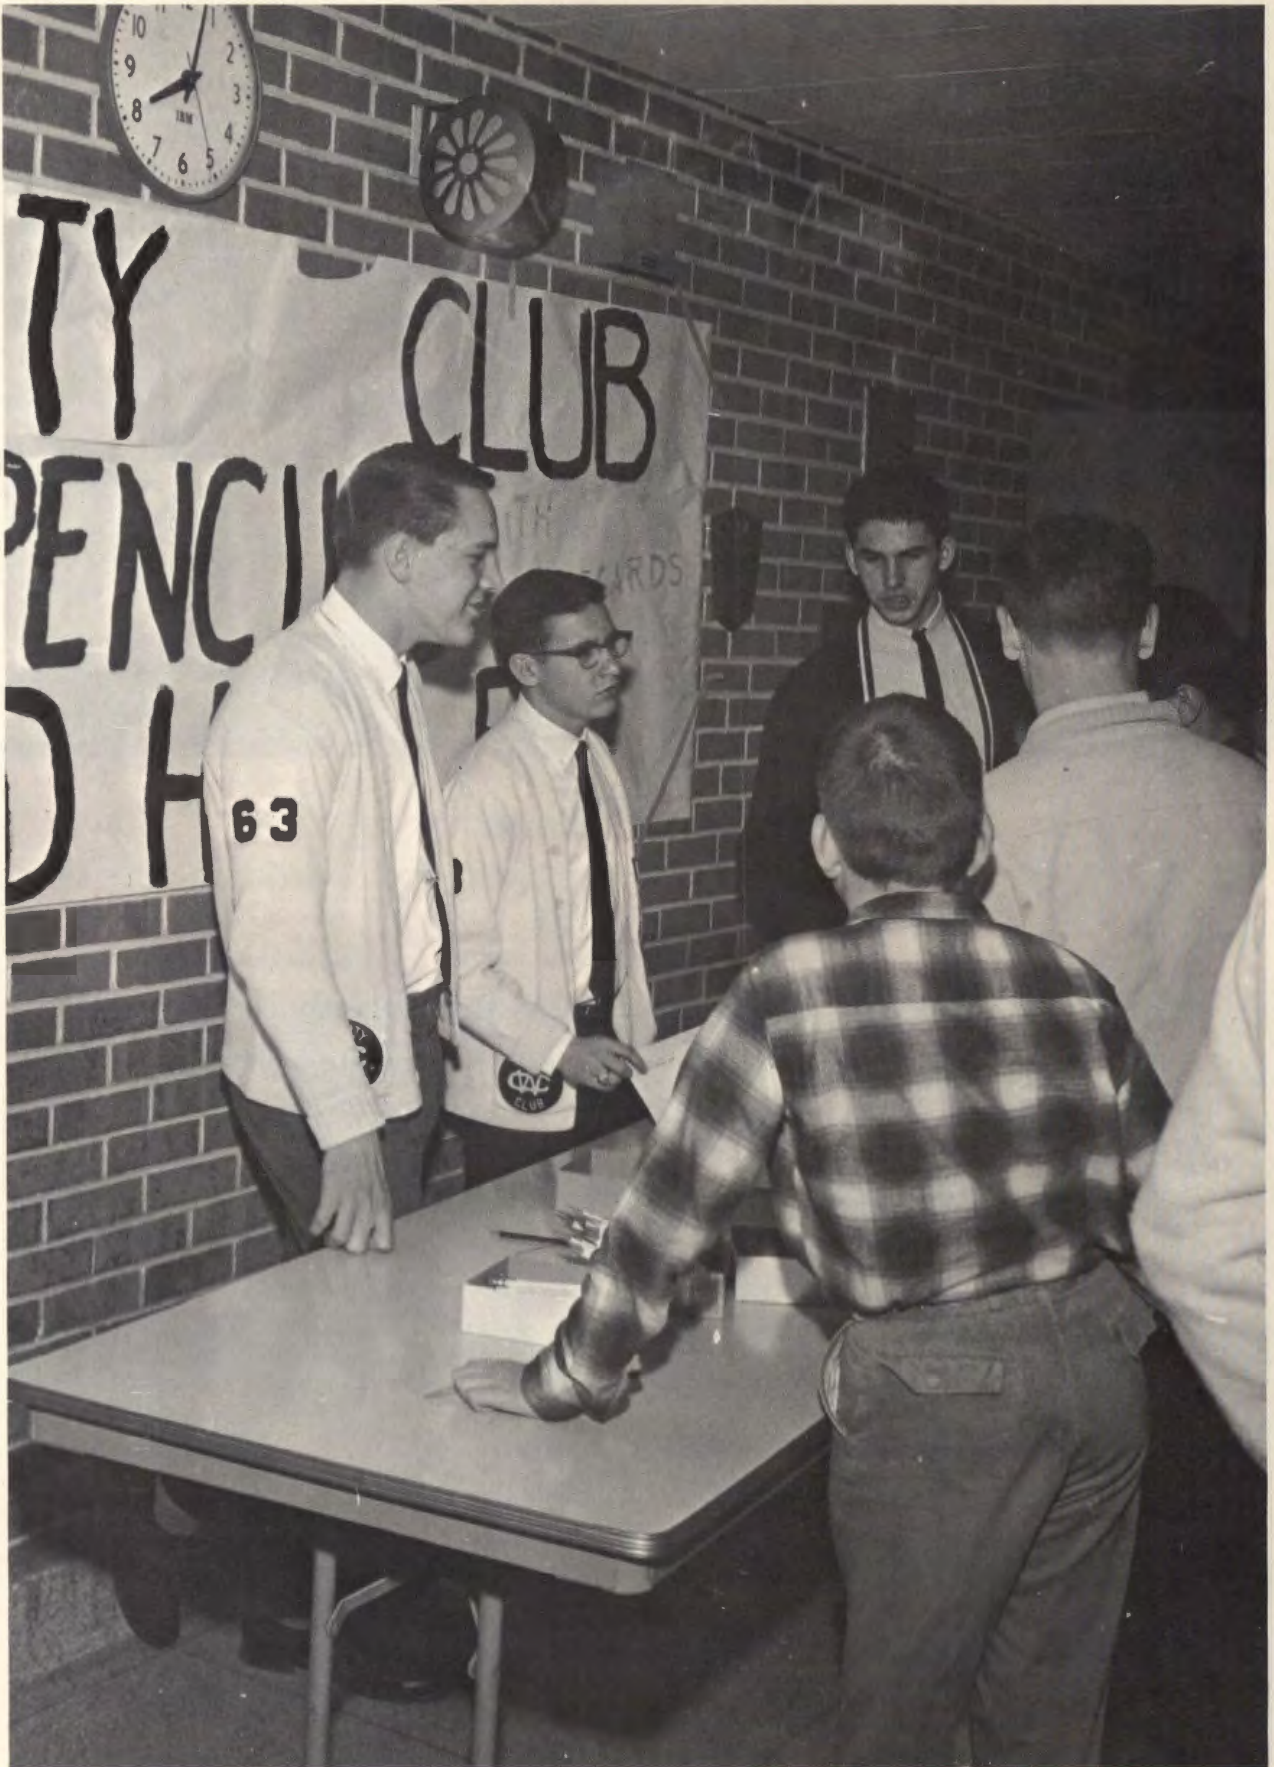

VARSITY CLUB

KNEELING, l. to r. — Stan Korona, John Kent, Marty Beltowski, Don Kautz, Jim Steele, Ron Sagerhorn. **1st ROW** — Randy Jacob, Jim Thompson, Steve Naill, Jerry Giese, Reggie Haag, Bill Szorc, Joe Jedlovec, Bob Craterfield, Mike Cain. **2nd ROW** — Tom Madi-

son, Chuck Wiley, George Watanabe, Larry Brucher, Darryl Colford, Tim Seeley, Dale Hittman, Fran Kammes, Mr. Price. **3rd ROW** — Jim MacDonald, Reid Simmons, Roy Vickers, Bill Hossman, Tom Fessler, Ken Schlueter, Eliot Gage, Mike Grammes, Don Fotre.

Reid Simmons helps to protect the playing floor against crowd traffic.

Bill Szorc, John Kent, and Tom Fessler — Varsity Club members selling pencils at one of the basketball games.

CLASS HISTORY

When the Class of '63 entered We-Go High School in 1959, we were a small freshman class with the boys outnumbering the girls two to one. Miss Stahl was our advisor and we elected Bill Szorc, Barbara Alm, Jackie Chada, and Margie Herman as our class officers. Our first class project was our Homecoming float, "Cut 'Em Down." We had one of the best freshman football teams on the school's records with a record of six wins and only one defeat. In the spring we sponsored an all freshman play-night called "May Madcap."

Early in our sophomore year we sponsored a class picnic called "Sports-O-Rama." Our advisor was Mrs. Thornhill, and our officers were Bill Szorc, Larry Brucher, Kathie Jahns, and Margie Herman. Our homecoming float, "What Am I Doing Here," won second place. In January we sponsored an all school dance, "A Little Bit of Heaven," followed by a slumber party for all the girls in March called "P.J. Playday."

Our junior class officers, who were Bill Szorc, Larry Brucher, Bob McCoy, and Margie Herman, and our advisor, Mr. Kiiskila, helped us to make another second place float, "Chew Chew 'Em Up." In the spring, forty-eight juniors went on the Washington trip. Our junior play, "You Can't Take It With You," helped to finance our prom, "Moonlight Gardens," which was the first prom held in the Bishop Gymnasium.

We started off our senior year with a first place for our float, "We're Laying For 'Em." Our class officers were Bill Szorc, Larry Brucher, April Smith, and Margie Herman, and our advisor was Mr. Smith. In the fall we sponsored the Homecoming Dance and in the winter, the Christmas Dance, "The Snowball." Our last class activity was the annual Senior Ditch Day in the spring which was followed by graduation in June.
