BATTLE BUDDIES

THE VIDEO GAME "FORTNITE," initially released in 2017, had become a cultural phenomenon by 2019 after nearly 250 million players had downloaded "Fortnite Battle Royal." Unlike many games, downloading was free, and it was available on any gadget that would run a video game. Epic Games also developed organized eSports competitions around the game, such as the inaugural \$30 million Fortnite World Cup tournament, which took place in July.

NUMBER GAMES

WITHIN JUST THE SECOND WEEKEND of its release, "Avengers: Endgame" became the fastest movie ever to reach the \$2 billion mark. It toppled the ticket sales of "Titanic," which stood at \$2.18 billion, in 11 days and by the end of July (the film was released in May) "Endgame" had sales of \$2.79 billion, surpassing the previous all-time leader in sales, "Avatar," (\$2.78 billion). WITH A RECORD 32 NOMINATIONS, "Game of Thrones" had the most mentions at the 71st Emmy Awards.

TOUGH TREBEK

WITH NO PLANS TO RETIRE, game show host Alex Trebek announced on March 6, 2019, that he had been diagnosed with stage 4 pancreatic cancer. While juggling periods of near remission and chemotherapy, Trebek hosted the "Greatest of All Time" tournament and the "Tournament of Champions."

FOR THE FIRST TIME IN ITS HISTORY, the Academy of Motion Picture Arts and Sciences named a foreign film as best picture. At the 92nd ceremony in February, the South Korean film "Parasite" also won best director (Bong Joon Ho), best original screenplay and best international film. THE CHILD, AKA BABY YODA, was the real sweetheart of the screen. The Star Wars character made his appearance in "The Mandalorian," a new Disney+ series, but isn't actually a young version of Yoda. While The Child is the same species as Yoda, his role remained somewhat of a mystery. There are no spoilers here, or at Disney, which decided to hold off on releasing toys and swag until after the series launched.

STREAM TEAM

Both Disney and Apple rolled out new streaming services in 2019 to compete with Netflix and HBO. Apple's service, called Apple TV+, and Disney's service, called Disney+, each offered exclusive and original content for a similar monthly fee.

IN "A BEAUTIFUL DAY IN THE NEIGHBORHOOD," Tom Hanks portrayed beloved TV personality Mr. Rogers and brought a message of forgiveness, acceptance and kindness to the fall 2019 movie line-up. Based on a true story, the film was praised by audiences. It received nominations at the Golden Globes, Critics' Choice, Screen Actors Guild Awards, BAFTA Awards and the Academy Awards. **THE FINAL INSTALLMENT** in the Star Wars movie saga, "The Rise of Skywalker," was released in December. The film included appearances from several members of the original series, including Mark Hamill as Luke Skywalker, Billy Dee Williams as Lando Calrissian and Carrie Fisher as Leia Organa. Fisher, who died in late 2016, appeared through the use of unreleased footage from previous movies.

FLIP OR FLOP? Two phones with foldable screens, the Galaxy Fold and Huawei Mate X, became available to the general public in 2019. At nearly twice the price of other smartphones, the Galaxy was meant to provide the features of a slim phone when folded, but reveal a more tablet-like experience when unfolded.

The initial launch of the Galaxy Fold met with some troubles when early reviewers got the phones and tried to peel what they thought was a protective film off of the phone's double screen, but in fact they were damaging the actual screen. **CLASSIC BLUE**, or Pantone 4052, was chosen as the

Pantone Color Institute's color of the year in 2020. In making the choice, the team drew upon art, fashion and home goods. Living Coral and Ultra Violet were the colors 2019 and 2018, respectively.

WHERE'S THE BEEF?

BURGER KING INTRODUCED the Impossible Whopper, a meatless burger the company claimed to be "the twin" to the regular Whopper. The plant-based patty was made mostly from soy protein, potato protein, coconut oil, sunflower oil and heme, which gives the burger its taste. Beyond being tasty and plant-based, the Impossible company said their products, which included an Impossible pork, were packed with protein, animal-free and good for the Earth.

and 500 million active users worldwide, TikTok skyrocketed in popularity. The short-form video app was most popular with 16-to 24-year-olds and had the highest number of users in India and China. It was also one of the few leading social media apps not owned by Facebook. Some in the U.S. raised concerns regarding the app's roots in China and how much access and influence the Chinese government had to TikTok's user data. The app was a social networking service where users shared videos covering a wide range of categories, including lip syncing, comedic skits and viral challenges.

THE MASKED SINGER

was the highest-rated new series of the year. Based on a Korean game/reality show, singers wore elaborate costumes to conceal their identities and used voice changers to hide their speaking voices. A panel of judges used their performances and clues to try to guess the celebrities behind the masks.

HEADLINE GRABBERS

AT THE MTV VMAS, Taylor Swift was awarded top video of the year for "You Need to Calm Down." Swift was named artist of the decade by the American Music Association in 2019. She was also nominated for three Grammys. **FORBES ANNOUNCED** that Rihanna had a \$600 million net worth, which made her the world's wealthiest female musician. In addition to her recording career, she had the Fenty clothing and makeup lines.

SUPER SINGERS

THE 2020 SUPER BOWL HALFTIME SHOW featured performers Shakira and Jennifer Lopez. The selection of the two Latina pop icons was deemed a perfect fit for Super Bowl LIV since the game was held in Miami.

WITH A HISTORIC SWEEP, 18-year-old singer Billie Eilish took the four biggest prizes at the 2020 Grammy Awards: best new artist, record of the year, album of the year and song of the year. She was the youngest solo performer to ever win album of the year. She also became the first woman and second person ever to win record of the year, album of the year, song of the year and best new artist in the same year.

TIME MAGAZINE'S Entertainer of the Year, Lizzo, received eight Grammy nominations, more than any other artist. Her relentlessly-positive, often bawdy performances and lyrics earned her three Grammy awards.

LIL NAS X MADE IT INTO THE RECORD BOOKS in 2019 with his hit single, "Old Town Road." The song, featuring Billy Ray Cyrus, charted at No. 1 on the Billboard Hot 100 for the 17th consecutive week to become the longest running No. 1 on the chart ever. It also won best pop duo/group performance and best music video at the Grammys.

NINTH TIME'S A CHARM

AFTER BEING NOMINATED

nine times for the Academy of Country Music's entertainer of the year and never winning, Keith Urban broke that streak in 2019. The Australian country music star took home the trophy at the ACM Awards in April 2019. "I've been nominated nine times, and at some point, I came to terms and accepted that the nomination is the award," he told reporters after the win. "I don't know how things go that way sometimes. I love what I get to do and put everything into it, and I know all the others do, too, so thank you."

ARIANA GRANDE MADE HISTORY in February 2019 by becoming the first act to land the No. 1, 2 and 3 spots simultaneously on the Billboard Hot 100 chart since The Beatles did it in 1964. She was also the first solo act to ever achieve this feat. Ariana's top three were "7 rings," "break up with your girlfriend, i'm bored" and "thank u, next."

THE KANSAS CITY CHIEFS, led by 24-year-old quarterback Patrick Mahomes, scored 21 points in the final quarter of Super Bowl LIV to secure the team's first Super Bowl win in 50 years. Mahomes, who earned MVP honors, joined Ben Roethlisberger and Tom Brady as the only quarterbacks to win the Lombardi Trophy before their 25th birthdays. Kansas City coach, Andy Reid, collected his first Super Bowl victory. Opposing quarterback, Jimmy Garoppolo, who had won two previous Super Bowls as backup quarterback for the New England Patriots, suffered his first Super Bowl loss.

FOCUS ON FIRSTS

IN OCTOBER, Kenyan marathoner Eliud Kipchoge became the first human to run a marathon-distance event in under two hours. It was not an official marathon, however, as there were no other participants, and Eliud ran behind a team of other runners who formed a wind-blocking formation in front of him. At the Rio Olympics in 2016, he took the gold medal in the marathon.

BIANCA ANDREESCU OF CANADA and Rafael Nadal of Spain became the 2019 U.S. Open tennis champions. It was Rafael's fourth U.S. Open title and Bianca's first, as well as the first time a Canadian won a Grand Slam tournament.

IN JANUARY 2020, a helicopter crash near the southern California town of Calabasas killed basketball legend Kobe Bryant, along with eight other passengers, including his daughter, 13-year-old Gianna. Considered one of the all-time greatest basketball players, Bryant won five NBA titles with the Los Angeles Lakers and retired in 2016 after scoring 60 points in his final game. **TAKING HOME A HISTORIC FOURTH WIN**, the U.S. Women's Soccer Team claimed the World Cup in July. Controversy followed when the team filed a gender discrimination lawsuit against the U.S. Soccer Federation contesting low pay compared to the U.S. Men's National Team. **IN A HARD-FOUGHT SEVEN-GAME SERIES**, the St. Louis Blues triumphed over the Boston Bruins in the NHL finals. While it was the Blues' fourth time in the Stanley Cup Finals, it was the first time they ever won the championship. **WITH A 6-2 WIN** over the Houston Astros, the Washington Nationals won the World Series in October, the first championship in the franchise's history. The team entered the postseason as a wild card team, beating both the Los Angeles Dodgers and the St. Louis Cardinals to advance.

GRIDIRON GREATS

THE UNDEFEATED Louisiana State University Tigers took on the undefeated Clemson Tigers and won the College Football Playoff national championship 42-25 in New Orleans on Jan. 13. LSU quarterback Joe Burrow broke the single-season passing touchdown record during the game (he finished with 60), and the win broke Clemson's winning streak after 29 games. Burrow capped his Heisman-winning season with impressive stats for the game: 463 passing yards, 58 rushing yards and six total touchdowns.

THE YOUNGEST RIDER TO WIN the Tour De France in 110 years, Egan Bernal, 22, was also the first Latin American to win the race. Bernal was promoted to lead rider for his team when team leader Chris Froome was injured in a crash. Bernal took the lead in the 19th stage.

AFTER A GAME SEVEN BUZZER-BEATER, the first in NBA playoff history, the Toronto Raptors advanced to the NBA Finals. The team then beat the Golden State Warriors four games to two. It was the first championship in the Raptors' history. **UNIVERSITY OF VIRGINIA,** just one year after becoming the first No. 1 seed to ever lose to a No. 16 seed in the NCAA basketball tournament, won the national championship in 2019. They held off Texas Tech to win 85-77 in overtime.

GAMER GEAR

THE RAZER KISHI was voted the most popular new gadget at the 2020 Consumer Electronics Show. The Kishi plugged directly into Androids or iPhones and turned the device into a gamepad. The Kishi came with a "universal fit" thanks to its Gamevice belt on the back, which stretched to accommodate most smartphones. When players were done with the controller, the belt could be tucked away as the two halves clamped together.

GIANTS STUMBLE

SERVER OUTAGES from major corporations controlling massive amounts of data popped up all over in 2019. In May and June, cloud services for Microsoft, Google and Cloudflare experienced multi-hour outages. In July, Slack, the popular collaboration platform, suffered disruptions, forcing workers to find alternative ways to communicate, such as actually having to talk to each other.

FACEBOOK AGREED to pay a \$5 billion penalty to settle Federal Trade Commission allegations that the social media company mishandled user privacy practices and lost control over huge amounts of user data. The record fine was the most visible example of a growing wave of scrutiny and anticipated investigations of tech giants, such as Facebook, Amazon, Google and Apple in areas such as privacy and antitrust actions.

NASA ASTRONAUTS Christina Koch and Jessica Meir (pictured) made the first ever all-female spacewalk together. The two replaced a battery charge/discharge unit that failed to activate after new lithium-ion batteries were installed outside the International Space Station.

EARTH AND MARS have a common characteristic: salt lakes that have gone through wet and dry periods. An international team of scientists, including a researcher from Texas A&M University, identified the similarities between Earth and Mars' Gale Crater, an immense 95-mile-wide rocky basin that is being explored with the NASA Curiosity rover as part of the Mars Science Laboratory mission.

DEEP DARK SPACE

THE FIRST IMAGE OF A BLACK HOLE was revealed by Chinese astronomers. The black hole, located in the heart of the Messier 87 galaxy, is 500 million trillion kilometers away and is nearly 3 million times larger than Earth. For reference, Earth's sun is only about 1.3 million times the size of Earth.

PRIVATE SPACE TRAVEL through SpaceX, an American company owned by Elon Musk, came closer to actually launching a rocket with passengers as it successfully completed a test of its capsule. SpaceX needed to still pass static fire tests, which would allow astronauts to escape in an explosion or launch problem. Boeing also had a competing spacecraft, the Starliner, which successfully tested its launch abort system in the New Mexico desert in early November.

CHINA BECAME THE FIRST NATION to successfully soft-land a spacecraft on the far side of the moon. The far (dark) side of the moon never faces Earth, so any mission there required a relay satellite. The mission's goal was to study the age and composition of the far side and get more information about the early solar system.

FINAL FRONTIER

CREATING A NEW MILITARY SERVICE called the U.S. Space Force, President Trump signed the National Defense Authorization Act into law in December. The first new branch of the military established since 1947, Space Force was organized within the Department of the Air Force. Gen. John "Jay" Redmond was the first commander.

THE FORCE IS STRONG

IN A DEAL worth up to \$10 billion, the Department of Defense awarded the much-contested JEDI (Joint Enterprise Defense Infrastructure) cloud contract to Microsoft in October 2019. The 10-year project would transform and modernize the military's computing systems. Competitors Amazon, IBM and Oracle had also been in the running for the contract, and, in February 2020, Amazon's lawyers convinced a federal judge to put a temporary hold on the contract, citing bias. Earlier in the year Oracle had filed suit, arguing that the contract should not be awarded to a single vendor and that they believed Amazon Web Services had recruited government officials to influence the award.

CONGRATS CLASS OF 2023

WORLDWIDE IMPACT

COVID-19

WHAT IS SOCIAL DISTANCING?

THE CENTERS FOR DISEASE CONTROL

CONTROL asked everyone to take intentional actions to avoid passing the coronavirus from person to person. Anyone who didn't feel well was asked to stay home. In day-to-day life, social distancing meant staying away from places people gather and staying at least six feet from other people. That meant no eating in restaurants, no movies or plays and no attending sports events. For younger kids, it meant no playgrounds, playdates or sleepovers. For adults, it meant no trips to the gym, salons or restaurants. The CDC also advised that people cancel all non-essential appointments, including surgeries or medical procedures that weren't critical.

SEVERE MEASURES

STATES WITH HIGH LEVELS of positive COVID-19 tests began issuing shelter-in-place orders. Residents were only allowed to leave their homes for essential tasks such as getting food or seeking medical help.

» HOW WE DEALT WITH THE SPREAD OF CORONAVIRUS

First steps

- Limited travel out of the country was a first step.
- Experts suggested self-quarantining for those who had recently traveled or were feeling sick.
- New cruise travel was canceled and passengers returning from foreign cruises were quarantined.

» HOW COMPANIES HELPED

- Many companies that offer online learning resources and services started allowing teachers to use their resources at no charge.
- Adobe began making its Creative Cloud software available for students to use at no charge.
- Burger King started giving away free kids meals to help make up for children who are not being fed because they are not in school.
- U-Haul offered 30 days of free storage for college students who had to move out of their dorms with little notice.
- Many grocery stores began providing senior-only shopping hours so that older citizens could shop with less chance of being exposed to the virus.
- Big box stores, such as Walmart, adjusted store hours so employees could properly clean and sanitize the store and restock the shelves.
- Cosmetics and liquor companies both have alcohol on hand, and some opted to make hand sanitizer at their facilities.
- Companies, such as Apple and Facebook, that had extra masks left over from the California wildfires donated them to hospitals.

TOILET PAPER HOARDING

AS FEARS ROSE over the idea of shelter-in-place orders and quarantine, toilet paper became scarce as consumers decided to clear shelves of TP, hand sanitizer and cleaning supplies. Retailers resorted to limiting the number of packs that could be purchased at one time. We weren't alone, according to CNN, stores in Australia hired security guards to keep the peace in the TP aisles.

TP by the numbers:

- About 90 percent of the TP sold in the U.S. is also made in the U.S.
- The average person uses about 100 rolls each year.
- Approximately 75 percent of the world's population doesn't use TP.
- They do use TP on the International Space Station.
- Normal daily production is more than 83 million rolls per day.
- In the U.S., packaged TP first became available in 1957.
- One company advertised splinter-free TP in 1935.
