DEDICATION
We wish to dedicate the 1953 Challenge to Miss
Stahl, whose constructive criticism and careful
guidance as our class advisor has made our four
years pleasant and profitable.
The Class of 1953

FOREWORD

To Our Readers,

We, the Challenge Staff of 1953, invite you to relive with us a pictorial record of the happy moments, pleasant events, and activities we have shared during the past memorable year. As you journey through these pages, may your enjoyment equal ours.

One of the goals of a senior is successful graduation. The transition from freshman to senior involves making friends, learning much, sharing experiences, becoming prepared for life - in other words, living an ever-expanding and improving life.

One of the goals of a magazine is successful publication. The process of successful publication involves the ingredients of life found in this yearbook: personalities in the news and accounts of achievements, skills, and important activities. We have used appropriate titles of well-known magazines as our theme wherever practical.

And now as you turn the pages, we hope to prove that we are ready for our first important publication, graduation.

The 1953 Challenge Staff

PRINCIPAL

MANAGING EDITOR

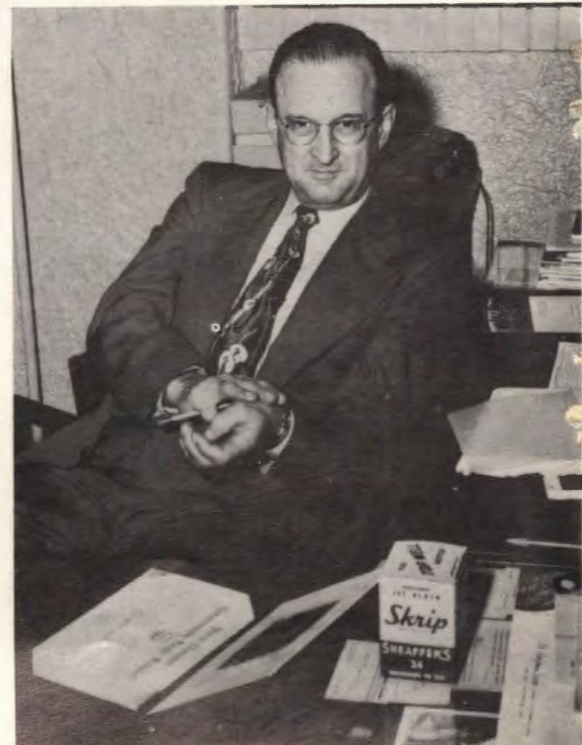

Dear Mr. Bishop,

We write this letter in appreciation for having as our principal a man whose personal qualities combine to make him not only an efficient administrator but also a friendly counselor.

You have many times, during our four years here, given us guidance and friendship when your administrative duties demanded your full attention. It is this system of keeping Faculty-Student relationships on a friendly basis that inspires us to give public mention of our deep pride in you, our Principal.

Sincerely yours,

Class of '53
