CHALLENGE

John De La

The year 1984 is rendered in a large, bold, stylized font. Each digit is contained within a black, elongated, trapezoidal frame that tapers at the top and bottom. The digits are white against a light background. Four thin vertical black lines extend from the top of the page, passing through the center of each digit's frame.

# 1984

A white trapezoidal shape, wider at the top and narrower at the bottom, is positioned on the left side of the page. It has a thin black outline.

## *Challenge*

# Keys to Success

Each student has a goal in life, but to reach this goal he must be able to open the numerous doors of opportunity. In a lifetime we all face many doors, but there is one sure way to open them. That way is to learn the keys: the desire to learn, love for one's fellow man, and willingness to serve God, country, and family. The theme of the '64 Challenge is the keys that are forged through the process of education. These keys are tempered by the habits, morals, beliefs, skills, and ambitions of the student.

Although, students may not admit it, they do want to learn, to satisfy their own particular desires and

needs. The necessary preparation, concentration, and dedication are important keys for daily achievements in education.

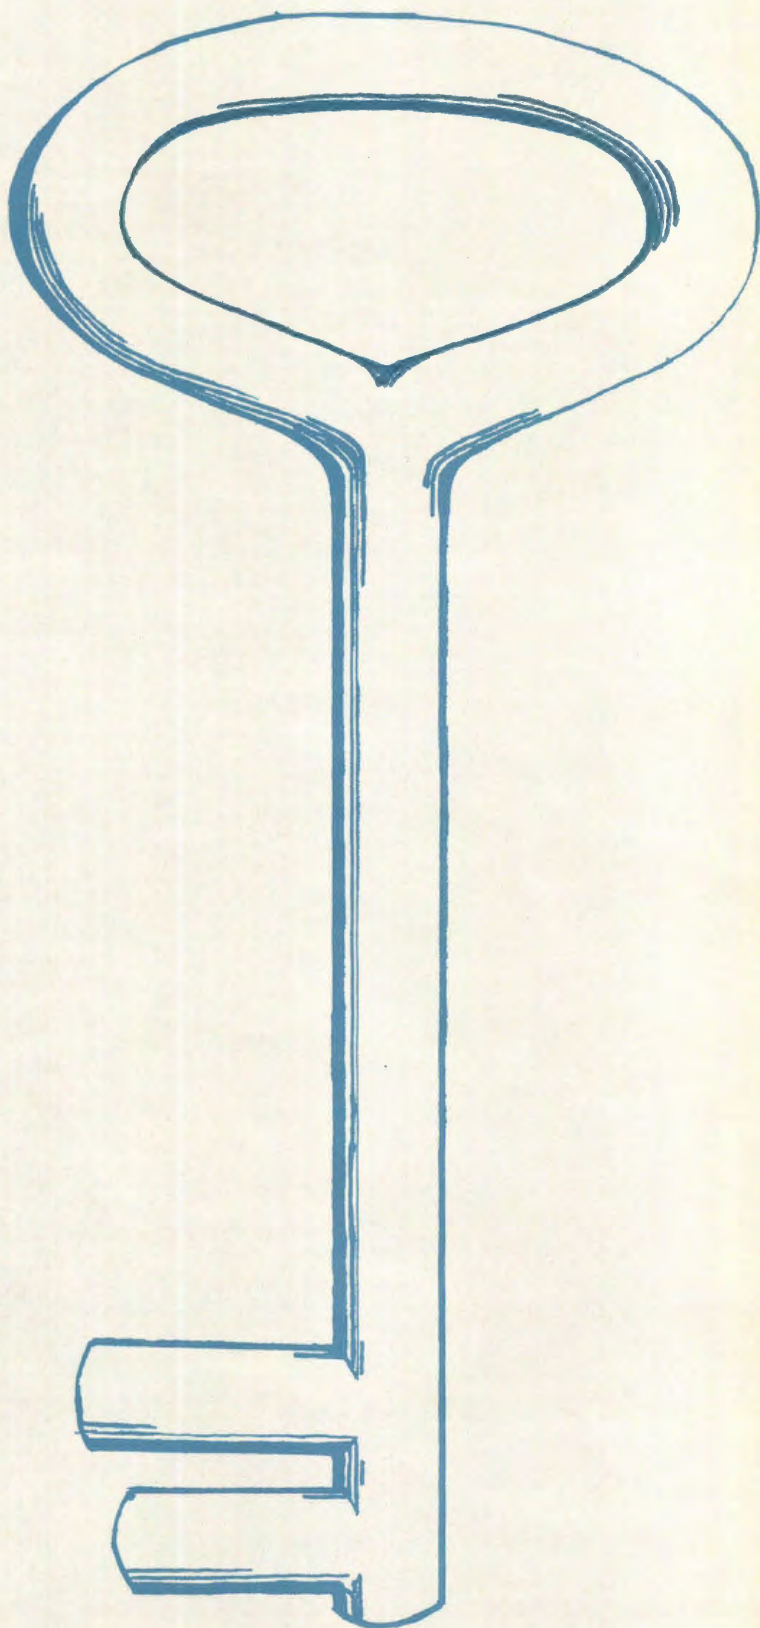

Most students want to be liked and want to get along well with others. The keys of tolerance, respect, and morality enable the students to share knowledge as well as times of joy and disappointment.

Although it isn't always noticeable, students have great loyalty to their school, even after graduation. Usually, students accept their responsibilities willingly in the classroom, in organizations, and in athletics and wish to perform their duties to the best of their abilities—thus opening the doors to the treasures inherited with hard work and with service to others.

## *Board of Education*

*Seated: John Murphy, Ridell Kelsey, William Genz, George Glasshagel.  
Standing: Orville Hittman, Clarence Mack, Ordie Timm, John Weyrauch, George Culley.*

Good Luck and Godspeed—Class of '64. We have enjoyed working with you these past four years. Our hope is that they have been both pleasant and profitable for you and have provided you with the opportunities to better prepare yourselves for the years ahead. May your future goals and aspirations be worthy ones for you and for all of mankind. Achievement, success, and happiness can be yours through continued effort, education, and dedication. Congratulations to all of you upon the completion of the beginning of your education.

We look forward with anticipation to future opportunities for continued assistance to underclassmen in the educational programs. With a continuous program of curricular and facility improvement, we shall keep pace with our growing student body.

I would like to express my personal appreciation to the student body, staff, Board of Education, and the community for their assistance, cooperation, and genuine concern in the total school program. With this kind of support, our school can continue to provide the best educational opportunities possible for our youth.

*John Weyrauch, Principal*

Dean  
of  
Girls

Dean  
of  
Boys

Last September two new semi-administrative positions were added to our school's program. Following the pattern of most large schools, the offices of Dean of Girls and Dean of Boys were established to remove some of the disciplinary burden from Mr. Weyrauch's shoulders and, also, lessen the confusion which used to prevail in the main office. Miss Thomassen and Mr. Jahns have accepted these positions.

In the past, Miss Thomassen and Mr. Jahns were often involved with the same duties this job presents, but now their duties have been pinpointed. They'll be mainly concerned with attendance, tardy problems, and disciplinary actions.

# Guidance Services

The guidance staff consists of three people: Mr. DeLap, Guidance Director and Senior Counselor, Miss Atchison and Mr. Peterson, Counselors.

"Guidance" is services—services to the students, parents, faculty, and to the community.

In addition to individual counseling the department maintains records on each student and provides extensive information concerning vocational and educational opportunities. A well organized testing program is a function of guidance.

Each year the guidance staff in conjunction with the local Rotary Club sponsors a "Career Day." In the spring the College Night programs are available for interested students. Assemblies are held periodically for disbursing information. Topics range from military guidance to career information.

Registration is another important responsibility of guidance. Each student sees his counselor at least once a year, but most students seek the advice of their counselor from time to time and make use of the counseling and guidance provided by the high school.

## Office Help

Mrs. Timm, Mrs. Kovaric, Mrs. Schuett.

## Nurse

The cheerful smile of our nurse, Mrs. Tinnes, always helps us to forget our troubles. Mrs. Tinnes will help in case of illness or accident. Her office is usually a very busy place, and her position as school nurse is a very important one.

Mrs. Tinnes also administers to the students hearing and eye tests.

## *Cafeteria*

Mrs. Dorothy Rakow, Mrs. Mildred Maitland, Mrs. Edna Root, Mrs. Edna Johnson, Mrs. Dorothy Gibson.

## *Custodians*

Fred Rakow, Axel Swanson, Fritz Mamat, James Kostner, Edwin Johnson, Mrs. Kathe Ward.

## *Drivers Training*

The driver education program has been in operation in our school since 1947. It requires a minimum of thirty hours of classroom work and an optional six to eight hours of behind the wheel instruction.

Safe driving is a matter of proper education in the handling of an automobile. With the co-operation of local auto dealers automobiles are loaned to the school each year.

## *E.M.H.*

The special education class for the educable mentally handicapped is in its third year of operation in our school. A small class is necessary so that instruction may be on an individual basis.

The course of study stresses three major areas: academic, pre-vocational training, and personal adjustment. Some students participate in physical education, home economics, and art, as well as their regular program.

MR. MCHATTON

MR. JAHNS

MR. DEMAR

## *Study Hall*

This year many students have two study halls, each fifty-five minutes long. They provide time for the students to do some of their homework or to use the library for reference work.

## *Library*

Donna Niesman, Diane Niesman, Pat Freund, Jane Dierschow, Leslie Wenger, Lois Kerp, Bonnie Cavanaugh, Nola Overton, Anita Simeoli, Sherry Surges, Nancy Gardner, Mrs. Witt, Linda Walker.

The library is the most important area in the school. The library offers all the necessary materials for term papers, extra studies, and personal references. It also offers a wide selection of books to read. It is open to all students before the bell in the morning, during their study halls, and until 4:30 every night.

MISS KOUPAL

# Levels of English

The English courses are offered each year on the basis of placing the student on the level in which he could be most successful. Remedial classes are for students who lack specific skills and abilities to perform satisfactorily in average classes. Advanced classes are for students with superior skills and abilities who should be challenged to produce superior work. Regular classes are for the majority of students whose advance in skills and ability are normally anticipated. At all levels different texts and learning skills are utilized to promote the maximum growth of each student.

MRS. DuMOLIN

MRS. GETZ

MR. JOHNSON

## *Speech*

Speech and Advanced Speech are one-semester courses in which the use of the voice and problems of public speaking are studied. The method of constructing a speech is also emphasized including research, taking notes, organizing material, and outlining. Throughout the course many opportunities are provided for the student to speak so that he can gain poise and self-confidence before an audience.

MR. MORRISON,

MR. SEVERE,

MRS. WITT

# *Creative Writing*

Creative writing is a course for students who wish to develop better writing technique and style. The first part of the course involves a teaching of creative writing by form and student writing. The second part involves class study and class discussion of human and social problems and an elementary introduction to psychology and philosophy, culminating in the development of an individual style and a fundamental understanding of criticism of all principal forms of creative writing.

## *Journalism*

Journalism is for upperclassmen who have a professional interest in writing. The student studies the newspaper as an institution and learns reporting, specialized forms of writing, editing, copyreading, make-up, headlines, business management, and advertising. Each journalism student is expected to acquire "laboratory hours" (one hour out of class for each hour in class). These hours are accumulated by working on the *Centurion*, the school newspaper.

## *Drama*

Dramatics is designed for students with an interest in all areas of the theater as an art form. All the techniques of play production are studied, including acting, directing, stage managing, and scenery painting; culminating in the actual production of a short play or an act of a longer play.

# Languages

This year Mrs. Brittain's room became a language lab with a complex electronic apparatus composed of many buttons and switches. This equipment enables the student to improve his pronunciation of words and phrases by means of comparing his own voice with that of a record. All Spanish and French classes have access to the lab, and individual students may use the lab during their study hall periods.

Latin I deals with beginning Latin, emphasizing reading and writing, with attention given to vocabulary, mythology, word derivation, and Roman life.

Latin II is a continuation of grammatical construction, and vocabulary.

Latin III is not only a continuation of the first two years of Latin, but also an advanced study of constructions. Special attention is given to Cicero, and the city of Rome during his lifetime.

Latin IV is a reading course in Latin poetry. There is also further work in Mythology.

MRS. BRITTAIN,

MRS. MCGAWN,

MRS. WISSING

## *Biology*

The biological course is a study of the relationships of all living things, the development of life through various stages of complexity, and the wide variety of organisms which compose our living world. Emphasis is placed upon structure, behavior and adaptations of living things. Physiology of the human body is also given considerable stress.

## *Chemistry*

Chemistry is comprised of the composition of materials and the changes in composition. Students work with fundamental chemical equations and problems and alternate the class periods between laboratory and classroom.

MR. BARTHELL

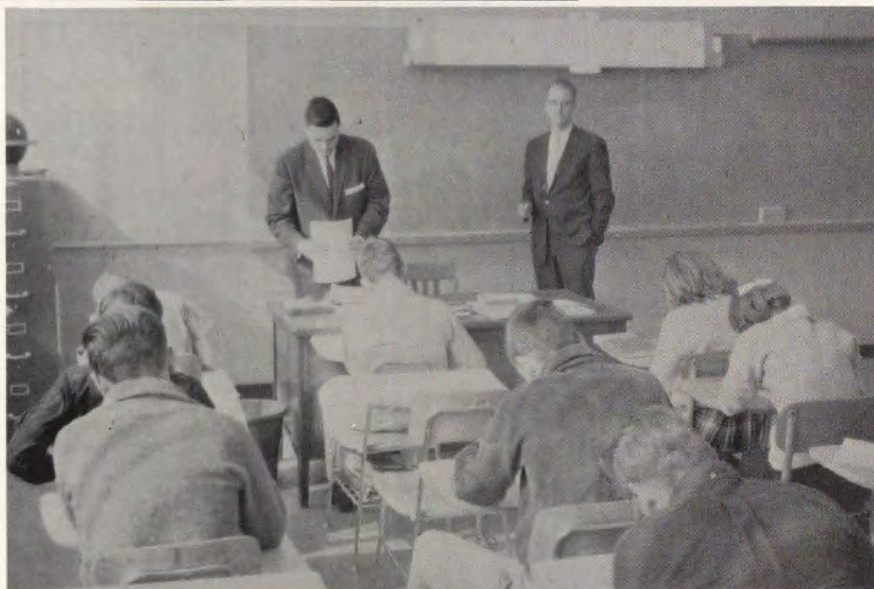

MR. COULTER

MR. DICHTL

# Mathematics

Since most modern business, industry, and science are dependent upon mathematics, five math courses are offered in our school. There are three introductory courses: algebra, geometry, and advanced algebra. Math IV and V are offered to the college prep student.

MR. HANSEN

MR. MURPHY

MR. HOWARD

MR. YUNKER

## *Sociology*

Sociology is a semester course which is a study of problems that society must face and understandings that must be developed if society is to function properly. Units of study will stress family, community, education, religion, unemployment, crime, juvenile delinquency, race, and mental disorders.

In the first year of art, the student investigates the basic materials, methods, and principles of art as they apply to art appreciation and personal creativity. Later the student gains an understanding and appreciation of art through the ages by study and work in the major media of certain periods and later with intensive work on advanced projects in such fields as oil paintings, ceramics, graphics, mosaics, pottery, and photography.

MR. BEEBE

# Home Economics

Clothing is a basic course planned to develop good sewing habits and skill in using the sewing machine. Proper pattern selections, pattern placement, and directions for cutting of garments, along with basic seams and stitches, are considered first. Clothing construction then follows, beginning with simplified garments and techniques. More complicated garments are then made from various types of fabric.

The foods course emphasizes the basic principles of nutrition: why certain practices are best and how satisfying results can be accomplished.

#### VARSITY FOOTBALL 1963

The West Chicago Wildcats finished the 1963 football season with a record of 4 wins, 3 losses and 1 tie. The team placed 4th in the Little Seven Conference.

The boys started the season with a 25-7 victory over Crystal Lake for the second straight year. Next, they stopped all conference quarterback, Mike Linden, making Oswego their second victim by scoring 25 points to their 6. The Sycamore Spartans, who went on to win the conference title, once again overpowered the Wildcats with a score of 35-0. In our fourth game, Skip Vickers threw a touchdown pass to Mike Grames in the

last 17 seconds to beat St. Charles 14-7. Then the Cats were defeated at Mooseheart's and Batavia's Homecomings. However, the boys were fired up at our Homecoming and tied a tough undefeated Geneva team, 7-7. The season ended with success when West Chicago whipped Kaneland 30-0.

The Tri-captains this season were Dale Hittman, Bob Mayer and Bob Craterfield. Dale Hittman was voted most valuable player by the team and the best fullback of the Little Seven Conference by Little Seven coaches. The captains elected for the 1964 season were Jim Lootens and Bill Coates.

## FROSH-SOPH FOOTBALL 1963

The 1963 Wildkits started the season by beating Crystal Lake 13-6. During the next game with Oswego, the Kits' offense seemed to sputter near the goal line and they came off the field with a 0-0 tie. Losing to Sycamore 20-6, they came back and played a good defensive game against St. Charles before dropping a 7-0 decision. They defeated Mooseheart 12-6 but lost the Homecoming game to Geneva 25-12. At Batavia the Bull Pups were too big and fast, and the Kits were

never in the game, losing 40-0. Closing out the season with Kaneland, the offense faltered inside the 10 yard line time after time. Final score was Kaneland 27—Wildkits—0.

Although the season wasn't a success as far as wins and losses go, there are some promising sophomores moving up to the varsity. Steve Coates at guard and Robin Herman at halfback have already succeeded in playing a few varsity games this year.

## FRESHMAN FOOTBALL 1963

The freshmen got off to a really good start with a 38-0 win over Geneva. It was too bad the boys couldn't have saved some of these points for the following game, as they dropped a tough one to Batavia, 6-0. The next two games saw We-Go roll into high gear. They dumped Oswego 29-0 and Kaneland 26-0. St. Francis and St. Charles proved to be tough opposition, and We-Go had to settle for a pair of 6-6 ties. The final game of the season found the Kits in another hard fought battle. This time they came out on

the short end of a 19-13 score.

Although their overall record of 3-2-2 does not look too impressive, the freshmen did a fine job this year. Both losses were by only 6 points, so the Kits were never really "out" of any game. Defensively, the boys did an outstanding job, allowing their opponents only 37 points, 19 of these coming in the last game. The offensive also fared well as is evidenced by their total of 118 points.

## VARSITY CROSS COUNTRY 1963

The varsity team suffered from a lack of depth and experience this year. It was a small squad which included only one senior. In spite of this handicap, the team worked hard and represented the school well, and the boys provided good competition for some of the larger schools that they faced.

The team was ably led by the two junior co-captains, Mike Pratt and Don Kautz, our number

1 and 2 runners. Two of the most improved runners this year were junior Jeff Walker and sophomore Steve Turner. Steve ran on the varsity and consistently placed 3rd or 4th of the West Chicago runners.

With the exception of senior Lee Buehler, the entire team will be returning next year, hoping for a better won-lost record.

## FROSH-SOPH CROSS COUNTRY

The frosh-soph turned in a slightly better record than the varsity this year even though they faced some of the same problems. The team had quantity, but a lack of sophomore experience was felt. The majority of the team consisted of freshmen running long distances for the first time. The team worked hard, and the individual improvement throughout the year indicates that the

hard work paid off.

Next year looks brighter for the frosh-soph team as only two sophomores will move up to the varsity. With another good turnout of freshmen next year, the squad should be further improved.

Co-captains this year were sophomore Ray Fitzenreider and freshman Steve Smith.

Despite losing four starters from last year's squad, our Cats equaled last year's conference record of 8-6. Overall they were 11-11 with a fourth-place berth in the conference.

The Cats took third place this year at the annual Central Holiday Tournament, but were upset in their first trip to the Mattoon Christmas Tournament.

Steve Berington broke the school scoring record of 535 points, by canning 634 points for the season. Steve's percentage of 64% from the field

led the team. Steve also led in rebounds, snatching 292.

Fred Mosier led the leading free throw percentage with 84%. Fred also made 275 points, plus grabbing 83 rebounds.

Lee Buehler led the Cats in the assists column with 85. Lee also contributed 132 points and 56 rebounds.

First string all-conference center was Steve Berington, with Fred Mosier and Lee Buehler rating honorable mention.

## Frosh-Soph Basketball — 1963

This year's Frosh-Soph team finally ended its streak of losses and went on to finish with a 6-12 record. Great improvement was made as the season moved along, the team winning 5 out of the last 9 games. The record indicates sixth place in conference play with a 5-9 record. The regulars

were 3 sophs and 2 freshmen: Gil Willeumier led the team in scoring 176 points and in making 63 rebounds. Ruben Macias was second with 168 points, 116 rebounds, along with the best free throw percentage of 58 per cent.

## Junior-Varsity Basketball 1963

The 1963-1964 J.V. Basketball team had a lot of bad luck. Just when the team was starting to develop well, the loss of two key players hurt the team near the end of the season. The team lost

quite a few close ball games during the season. All the players displayed a great deal of hustle and desire throughout the season and showed a lot of improvement.

## Freshman Basketball 1963

The freshman basketball team ended with a successful season by winning 12 games and losing 11. Throughout the season there were signs of improvement and progress which are very important at this level. The squad numbered 20 boys at the start of the season and was consistent

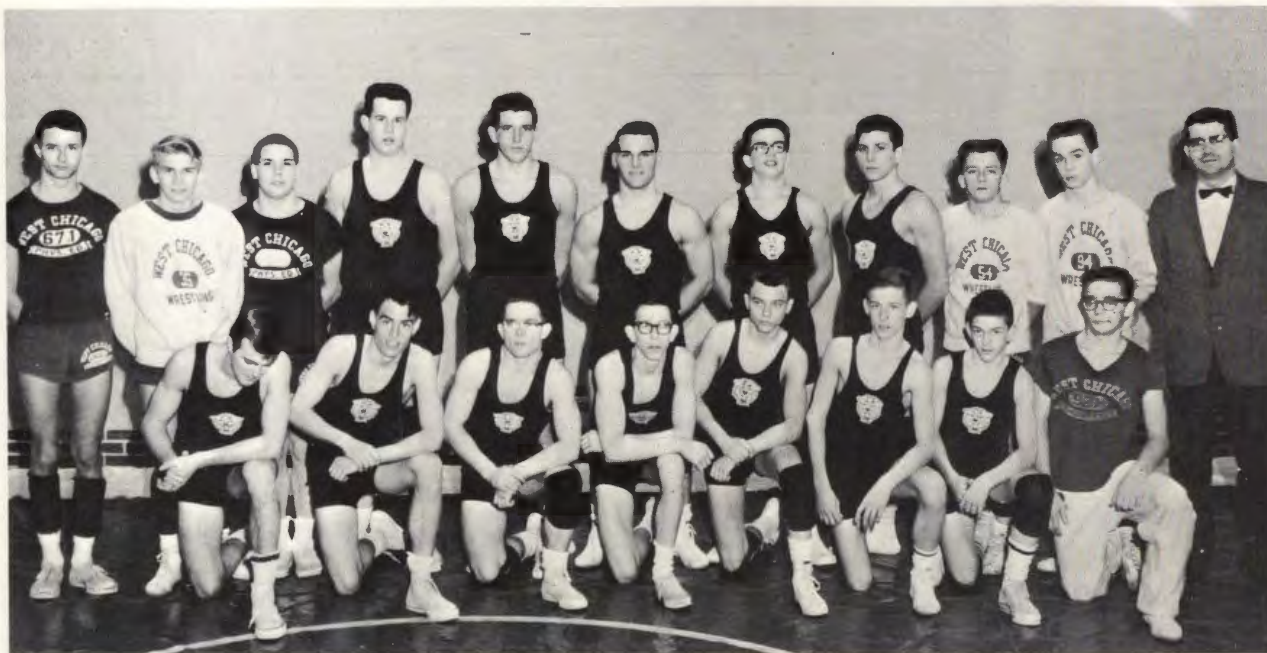

throughout the year. The coaches feel this group of boys could be a fine ball team at the varsity level if they continue to improve the way they did the past season. We hope this group of boys will work hard in the future years and bring success to We-Go.

## Varsity Wrestling 1963

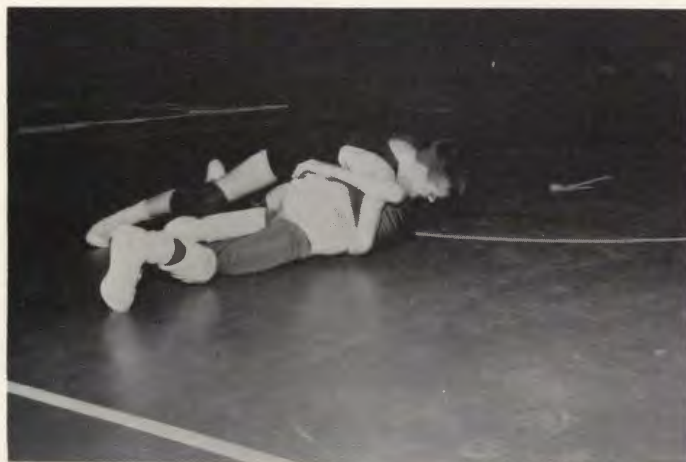

Another good season placed the Wildcats fourth in the conference tournament. Considering the lack of depth and experience and frequent forfeits in certain weights, the season's record was quite satisfactory.

Individual standouts are as follows: junior, Bobby Madison—first in conference, second in district; senior, Bill Neumeister—second in conference;

senior, Tom Madison—first in conference, second in district, and third in sectional; and senior, Dale Hittman, captain—third in conference and second in district.

Although the team will lose its top senior wrestlers this year, the prospects indicate at least more depth and experience for next year.

## Frosh-Soph Wrestling 1963

The frosh-soph team had only one letterman returning from last year's team. As the season progressed, however, the boys gained valuable experience and did a fine job in both the freshman and frosh-soph tournaments.

Steve Smith had an outstanding record with 15 wins and 4 losses. Dale Fitzsimmons (11-4-1), and Glen Gilmore (8-2) were also consistent winners for the team.

First Place G.A.A. Float

Homecoming 1963 took place on October 17, 18 and 19. The festivities opened with the traditional bonfire and snake dance on Thursday night. The coronation of Queen Nancy Belding took place Friday morning. Queen Nancy reigned over a hard fought game on Friday night and homecoming dance Saturday night.

## *Student Council*

Jayne Carey, vice-president; Beth Zaccagini, president; Mr. Holcombe, sponsor; Jane Barclay, secretary; Dave Miller, treasurer.

The student council's first responsibility of the year is homecoming. During the rest of the year its duties vary from checkroom duties to sponsorship of a foreign student.

This year's council brought an apple machine into the school. The machine was placed in the lobby and it is quite a success with the student body.

To have a student from a foreign country here in W.C.C.H.S., the student council must be able to pay his expenses. The money is raised by selling shares in the foreign student fund to the student body. To kick off the campaign the student council sponsored an assembly in which several foreign students from this area participated.

The student council has had, under the direction of Mr. Holcombe, a very successful year.

## Foreign Student

West Chicago Community High School's second foreign exchange student came from Valparaiso, Chile. Anna Maria Jimenez arrived at O'Hare Airport on August 21, 1963. She was met by her American family, the Vernon Leslies.

Sixteen year old Anna Maria entered WCCHS as a senior, a member of the class of 1964. In Chile she went to an all girls school and took the following subjects: Spanish, Chilean history, world history, philosophy, political economics, English, French, math, biology, physics, chemistry, art, p.e., and chorus. Here at We-Go she took English III, Spanish III, American government, speech, French II, p.e., and chorus. After Anna Maria graduates this June, she will return to four more months of school in Chile, where she will graduate again.

Anna Maria has not limited her life to just classes. She has been quite active in several school organizations: Tri-M, Spanish Club, Student Council. She also has attended most parties and playnights.

Her ambition in life is to become a doctor for her people. We here at We-Go sincerely wish her the best of luck for the future.

## *Spanish Club*

The Spanish Club is an organization dedicated to promoting interest in Spanish culture. It is open to all interested students who have taken either Spanish or are presently enrolled in it. The only requirement is to maintain a grade average of "3."

The annual projects of the Spanish Club include a trip to a Mexican restaurant, a fall membership party, and the end-of-the-year picnic, which is usually at Riverview.

## *Math Club*

Math Club is an organization which provides interested math students with an opportunity to discuss mathematical topics not ordinarily discussed in class. Previously learned math is reviewed from a different point of view in that the student learns from application through field projects or new mathematical methods.

This year's group has spent their time on such projects as proving that an angle cannot be trisected, attempting to predict the outcome of basketball games, and learning to use the slide rule. They were also visited by an electrical engineer who spoke on the necessity of communication skills.

## *National Honor Society*

N.H.S. bases its purposes upon four words: character, leadership, scholarship, and service. These four words perform a dual purpose. The aims and principles of N.H.S. evolve from them, and they are used to determine if a student is eligible to become a member.

N.H.S. is dedicated to serving the school. This year N.H.S. had the pleasure of conducting the March of Dimes drive. Many students possibly remember the enthusiasm the members displayed during the last day of the campaign.

This year was highlighted by the initiation of new members and by the N.H.S. dinner for both old and new members.

**BOARD:** Seated: Lynne Hein; Kathy Kopacz; Cathy Freund; Chris Voelz.  
 Standing: Connie Theis; Marilyn Hodson; Barb Ruch; Ruth Gillard; Sunny Catenacci; Rita Ward.

The G.A.A. is a state-wide organization sponsored by the Illinois High School Association. The purpose of the G.A.A. is to encourage a greater interest in athletics among girls in W.C.C.H.S. Two nights a week G.A.A. members can participate in such sports as apparatus, basketball, camping, hockey, soccer, softball, volleyball, and table tennis. They also have many social events. They include the homecoming float, fall picnic, initiation tea, orphan's party, all

school playnights, final banquet, and board picnic.

G.A.A. members may receive awards for their participation in sports. Two points are awarded for each night. Class numerals are given to those girls who have earned 75 points. The W.C. letter is awarded for 150 points. The state awards a block "I" and a map of Illinois for juniors and seniors with 225 to 300 points.

Lynne Hein, president; Kathy Kopacz, vice-president; Cathy Freund, secretary; Chris Voelz, treasurer.

Seated: Bob Mayer, Dave Burgess, Chuck Wiley.  
 Standing: John Smith, Don Kautz, Tom Madison, Fred Mosier, Skip Vickers, Mike Cain, Steve Berington, Randy Jacobs, Mike Grames, Dale Hittman, Mike Pratt, Ron Sagerhorn, Dennis Wold.

## *The Varsity Club*

The Varsity Club is composed of sophomore, junior and senior boys who have earned a varsity letter or award.

The Club has three aims. The first is to achieve a better standard of school spirit. This year school spirit has been a real problem with the club as well as the student body. The second aim is to secure the ideals of good sportsmanship at all times. The members of Varsity Club become examples of good sportsmanship, not only to prospective members but to the whole student body.

The final aim is to give support to all functions which tend to better our school.

## *Future Teachers*

The Future Teachers of America was quite an active group this year. On November 11 corsages and boutonnieres were given to the teachers in appreciation for the fine job they are doing. On March 9 the FTA was host to "The Council for Exceptional Children," a group working toward the betterment of the mentally retarded.

The school bookstore, too, is a responsibility of the FTA. The bookstore has provided a popular source for informational as well as entertaining reading. The profits are put into a scholarship fund that provides a one year tuition to a college for one or two students each year.

Modern Music Masters is a music honor society made up of the best musicians. To qualify as an apprentice, one must have a "2" average in music studies and a "3" in academic studies. During the nine week apprenticeship the candidate must perform in public and pass a written examination on the workings of Tri-M. At a formal initiation the qualified apprentices become active members. Tri-M handles all publicity for concerts, both school and nonschool. It provides encouragement and incentive for all members of the music department. Tri-M also sponsors the popular "Kir-nibazz," a combination circus, carnival, and bazaar. After some of the home football games the group sponsors sock hops.

The American Junior Red Cross is the junior membership of the American National Red Cross. It is the Red Cross in the schools—public, private, and parochial. Its aims are good health, intelligent citizenship, international understanding, and appreciation of the ideals of service. These aims are developed through a wide range of school and school-related activities.

One can join Junior Red Cross by contributing to the annual enrollment campaign and by participating in Red Cross sponsored school activities.

## *Challenge*

The creation of a yearbook is a big production. Each yearbook requires a year and a half of work—beginning with the second semester of the next year.

The first step is to assemble a staff and to establish responsibilities. Then the publisher is signed to a contract and sales of the book can begin. After the theme and colors are determined, each section head and his assistants begin drawing rough drafts of their pages to determine the size of their sections. Seasonal pictures are taken and identified.

The final drafts are drawn up and approved by the editor and advisor. After the write-ups and titles are typed on the final dummies, the book is sent in and "put to bed." Only distribution of the books to students remains to be done. Yet this is by no means the final step for the staff. As soon as the book itself is finished, the staff begins work on the summer supplement, and the new staff begins working on next year's book.

## *Centurion*

The *Centurion* is open to any student who desires to write. The paper is divided into three staffs. News covers all events and happenings in the school; the feature covers a variety of articles, ranging from editorials and humorous stories and incidents to poems; and sports reports all game results and offers inside glimpses into many sports of the school.

This year the *Centurion* changed format and expanded to six pages. Among the new features that have been added are columns on universities and colleges and the "Outstanding Seniors."

The Class of '64 came into a disorganized existence in September, 1960, but it was not long before we made our first class showing with our Homecoming float, "Cream 'Em." In early spring we became officially united under our newly-elected officers: Skip Vickers, Nancy Belding, Bob Mayer, and Virginia Weimer. We ended our freshman year by sponsoring an all-school party, "Here Comes Summer."

Sophomore activities got underway with "Friendly Persuasion," the theme of our Homecoming float. George Lockwood, Nancy Belding, Bob Mayer, and Virginia Weimer were elected as our class officers. Our semester exams were "Gone With the Wind" as we sponsored our first all-school dance.

Homecoming float and won second place with the caption, "Armed for Victory." Junior class officers were Mike Grames, Mary Heinz, Bob Mayer, and Virginia Weimer. April of '63 found a good share of the class touring Washington, D.C., AND May found us dancing to the melody of "Moonlight and Roses," our Junior Prom.

As Seniors we built "Ring Up a Victory" as our Homecoming float and elected Randy Jacob, Nancy Belding, Rita Ward and Virginia Weimer as our class officers. We crowned our Homecoming Queen with a tiara which will now be traditionally used to crown the queens to come. Spring activities included the Senior-Faculty game and Senior Ditch-Day, followed all-too-quickly by Baccalaureate and Graduation.

## VARSITY BASEBALL

The Varsity Baseball team after a good beginning, faded near the end, winning five games and losing eleven. In conference games the team record was three wins and seven losses. The Var-

sity squad is losing five seniors, but there are still seven juniors left as a nucleus for next year's varsity squad. On paper next year's varsity of juniors and seniors should have a very good year.

# Frosh-Soph Baseball 1964

*Seated:* Mike Timm; Jon Stults; Bruce Silvernail; David Smelser; Jerry Day.

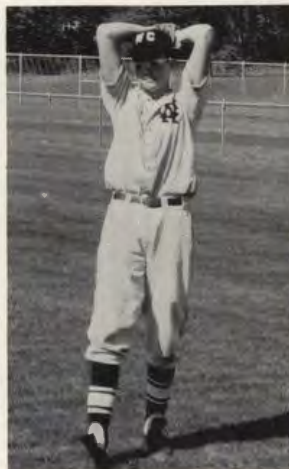

*Kneeling:* Dennis Hughes; Tom Sicinski; Jay Gast; Rex Clark; Bob Miller; Jim Simonelig.

*Standing:* Coach Ream; Rick Mackert; Ray Fitzenreider; David Ransom; Jim Leighton; Ken Timm; Coach DeMay; Rod Schuett, manager.

## FROSH-SOPH BASEBALL

The Frosh-Soph baseball team finished the season with a very fine record of 9 wins, 3 defeats, and 1 tie game. This record was good enough to bring the Kits home with a conference co-championship. Several factors were responsible for their success. One was tremendous team spirit, which helped the boys stay keyed up for every

game. Another factor was outstanding pitching and batting. The team's batting average for the season was a phenomenal .303. The entire school was pleased with the outstanding performance of the Kits and we are all rooting for them to carry their spirit and desire with them as they move to the varsity next year.

## VARSITY TRACK

The luck of the Varsity Track team was very negative this year. Winning one dual meet and losing five. They took third place in two tri-meets and came in seventh place in the Little Seven

Conference. Bill Coates, a junior, scored the most points for the team this season while performing in the discus and shot put events. Bill also was a West Chicago representative to the state meet.

## FROSH-SOPH TRACK

The Frosh-Soph Track team had some trouble with dual meets, 1-5-1, but they did very well with Tri-Meets, winning the two they were in.

Sophomore Sheldon Haag equaled the old rec-

ord for the 100 yard dash in 10:7. Freshman Louis Pannarale set new record for the 880 yard in 2:09. Sophomores Truitt, Parsell, Haag, and Speers, set new record for 880 yard relay of 1:38.5.
