Challenge

As the seventy-fifth year of West Chicago Community High School comes to a close, we look back at the events that made this year unique - the serious situation with the American hostages in Iran, a boys' swim team as well as a girls', a PET in the Learning Resource Center, victories for individuals who advanced to state competition, the Muppets at Homecoming, the planting of the court by Horticulture II students, rising inflation, and rising heels. It was our goal to preserve the highlights of the school year 1979-1980 and to give each student and staff member a record of those special
