A Letter From The Editor

We started the year by choosing a theme for our book. We picked **TIME** magazine to report events that happened throughout the year. The staff worked as the pictures came in by laying out pages, writing captions and copy, and then typing them. It was a challenge to meet deadlines, but with our hard working staff and persistent Advisor Virginia Fairbank we met them.

As you thumb through the book, you will notice we have added sixteen more pages this year. We decided to put most of the candid photos of seniors in one section.

No other school year was like 1982-83. May this book keep your memories of that year alive.

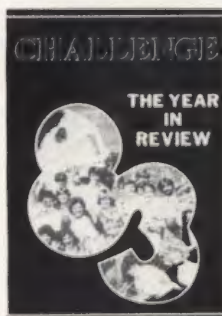

We hope that as you look through the book you will be as proud of our book as we are.
