Every day at Community High School, memories are made and experiences are shared and cherished. Another Wild year means more Wild moments to be treasured. The energy flowing through the school is seen in sports, assemblies, classes, plays, clubs, and much more! You'll see our wildest experiences within the smiles on the faces of our students. Come see just how wild these Wildcats can get!

Another Wild Year!

The Squad

In the school year 2012-2013, the squad had its ups and downs but the students were still there to support their fellow classmates while they played their various sports. The squad is our student section at different sport events where students gather to cheer on their peers. The squad had its classic themes like Neon Night, White Out, and Squad shirts. This year our squad leaders stepped outside of the box and did two new different themes: Toga Night and Pirate Night. Everyone always enjoys chanting and encouraging the players to do their best. In the squad, we all come together as WeGo's pride.

Another Wild

Homecoming week is about pumping up the student of West Chicago. The week is filled with different activities, games, and assemblies that every student can participate in. The assembly is what ends the week before the homecoming dance, where we reveal who won homecoming king and queen and poms, cheerleaders, and steppers show their moves for the first time this school year. A big accomplishment this year was the senior boys' dodge ball team winning for a second year in a row! Moments like those are something they will remember forever.

The WEGO Cheer Club, Poms, Steppers, and Cheerleaders performing during the Homecoming Assembly.

Homecoming queen, **Andrea Skipor**, shocked after being crowned as **Matt Wenz** applauds the winner.

Senior **Danny Nubie**, pictured below, had a great time being a powderpuff cheerleader. This year's homecoming week was most special to him because of "the fact that it was the last high school homecoming he would participate in."

Left, **Jenaro Terrazas**, homecoming king 2012, greets eager kids during the parade. Top right, a group of junior girls pose for a photo after their game of dodgeball. Top left, the famous boy cheerleaders smile together before performing thier routine.

Powder

SENIORS

Powder Puff is the one time in the year where the female portion of the Senior and Junior class walk onto the field and battle for the bragging rights of winning the WeGo Powder Puff game. This year the Class of 2013 took the field and won fair and square for the second year in a row. They broke the long tradition of only the senior class winning by winning both their Junior and Senior year. After all the passes, plays, and touchdowns the Senior class prevailed and walked away that day with another victory. Another first this year was the large amount of Powder Puff cheerleaders that attended the game to cheer on the Powder Puff ladies and perform a marvelous half time performance that was for sure unforgettable. The 2012 Powder Puff game was definitely one that everyone will be talking about for the years to come.

Homecoming Dance

Music, fun, and dance is what homecoming is all about. Homecoming is the dance to kick off the school year and this homecoming did exactly that. The theme was superheroes and the hallways were decorated with posters and signs of all kinds of superheroes. **Jenaro Terrazas** and **Andrea Skipor** took king and queen this year and they couldn't have been more excited about it. With students aging from Freshman to Seniors, everyone got along and danced the night away.

Red

Another wild.

This year's Winter Pep Assembly was filled with laughter, fun, and games. West Chicago had students dress in a Mario outfit and huge stockings. And of course it isn't the holiday season unless someone is Santa Clause. The ugly sweater contest started off the pep assembly with the winner pictured above and below. Their sweaters were just too ugly to narrow it down to one winner. The frozen t-shirt game was an entertaining one. The object of the game was to break the frozen shirt apart and pull it over your head and fully put it on. West Chicago students were filled with energy and loved this assembly.

Is He Dead?

A Few Good Men

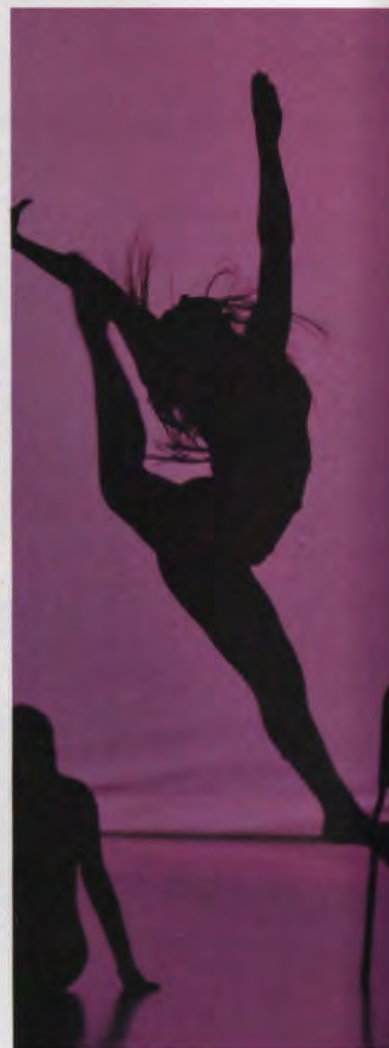

Snowball is a retreat which all grades can go on to learn more about each other and themselves. It's a place where no judgment is shown and everyone can express what they truly feel. Students can attend and are able to step out of their comfort zone. **Jessie Hansen** said "Snowball is one of the greatest parts of my times here at West Chicago. This year we heard from different parents and adults about bullying, drunk driving, and other subjects like that." **Rucha Naik** agreed by saying "I am so glad I went all four years. I got to know people that I never thought I would talk to and learn all about them. I learned a lot about myself and what is important in life." One of the best memories shared at snowball this year was when a group of boys came to the girl's dorm and woke them up by singing their own version of "you are my sunshine" Jessie states that that was a great way to end her last year at snowball.

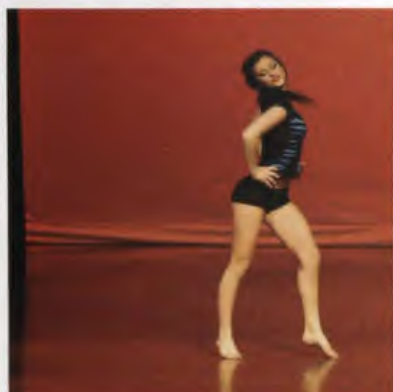

Snowball

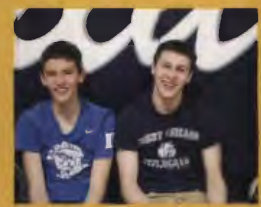

This show was a mix of many different kinds of music. It showed a variety of taste in music just like their various personalities as they got to show off their dancing skills. Dance is clearly a big part of these girls' lives and they each bring something different to the table.

Flips, jumps, spins, kicks, and more dance production has been a West Chicago tradition for many years. It's a show that the dancers of WeGo put together with their own choreographed moves and dances. For the eight seniors this was their last show and they couldn't have had as much fun as they did. Dance production will always be one of their favorite memories here at West Chicago.

Another wild

The Spring Pep Assembly was definitely full of surprises. Two girls were asked to prom unexpectedly. A few slimy friends, fish, were almost sacrificed during a game when four West Chicago students were blindfolded and lead to believe that they had to eat and swallow real fish. The students, beyond scared, didn't have trouble swallowing the oil covered peaches made to taste, look, and feel like actual fish. Three lucky students even got to throw pies at three different teachers who came fully prepared with white jump suits. For the fun of the game and excitement, they were asked to take them off. This assembly did not disappoint.

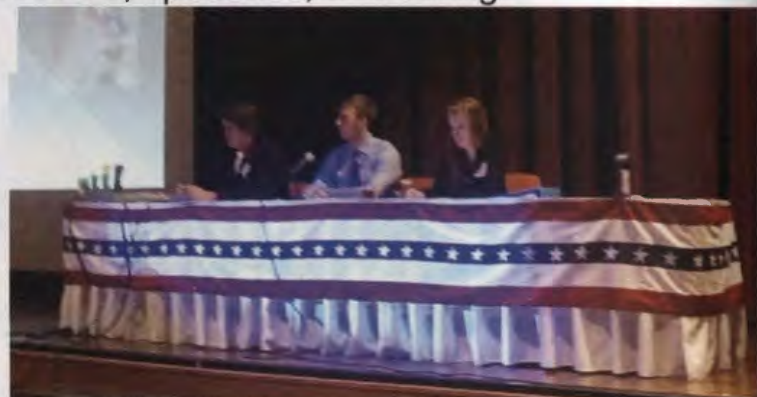

...Spring Assembly!

Democrats

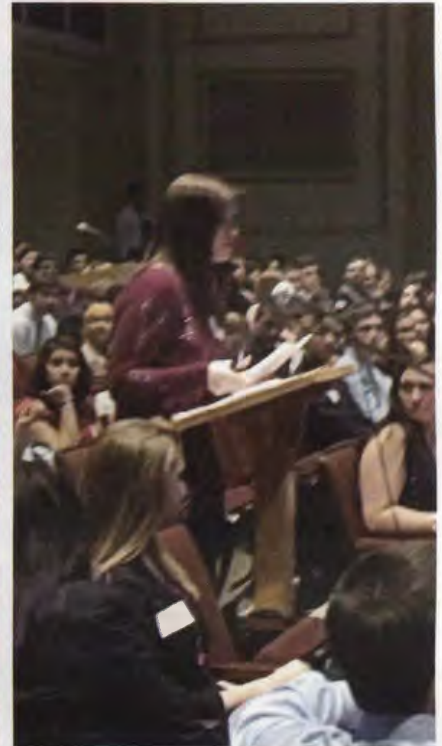

Democrats vs Republicans is a never ending battle. West Chicago's simulation of how a bill becomes a law shows just how big this battle can get. All seniors have to take a government class in order to graduate and they have to make and propose a bill in order to pass the class. Once all bills are presented, the seniors come together, get all dressed up and go through the process of making it a law. This year's second semester simulation wasn't any different than the rest. There were debates, recounts, speeches, and voting.

S

Republicans

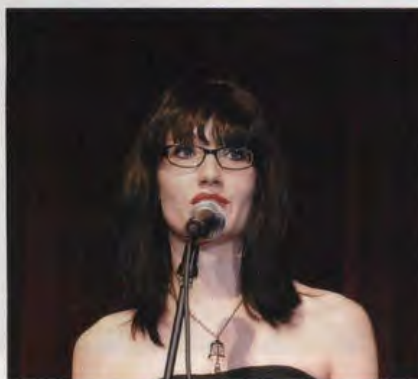

But this year came with a heated argument on a few of the issues. Bills got vetoed and didn't pass or bills passed with no problem. Not a lot of bills were passed but each issue group worked their hardest on their bill because each issue group was passionate about their bill. This simulation teaches students how much work and time it takes to make a bill become a law, they also learn that not all bills are easy to pass and sometimes never get passed.

Whatchu Got!

Show Me

A major send-off to all the strong talented performers is what Show Me What You Got is all about! Students work up the courage to read their own pieces in front of an audience. It's their ending show from Cafe Express Yo'self and considered the last show for seniors.

FACS Night

Consumer science classes demonstrate what each class has done throughout the year. The classes that are presented are foods, contemporary life, child development, and fashion. **Olivia Vanderlei's** and **Alex Starkey's** mock wedding was being held that night. Also, a great fashion show was put on by the fashion girls. The child development classes had the preschoolers sing and put on a talent show for the parents and students. The foods classes made cakes that were raffled off throughout the night and the Foods 3 class made the wedding cake. Many skills and talents were shown throughout this night.

Challenge For...

Challenge for Change was the sophomore final and was dedicated to volunteering and getting involved in the community. It was a project that let a lot of the sophomore class learn about social justice issues and how much it effects our community. **Jenny Wood**, Sophomore, expressed her feeling for the project by saying, "The Challenge for Change project was an amazing way to get teens involved. It was fun to get involved and help the community and it made a lot of us realize that we can make a difference."

A Funny Thing Happened on the Way to the Forum

A tragedy tomorrow... and a comedy tonight. One of the funniest, crowd-pleasing, and best musicals to be put on by WeGo Drama left the crowd in tears from laughing so much. This satire, set in Ancient Rome, was acted by the actors and actresses so well that one could not take their eyes off the stage for even a second. Pseudolus was played by **Luke Jakonis**, the slave of the hero **Dan Stompor**. Philia was played by **Gilary Valenzuela**, a beautiful, innocent courtesan living in the house of Marcus Lycus, played by **Braeden Austgen**. When Miles Glorius, played by **Aaron Morden**, is introduced, anything that could have gone wrong did go wrong, making this musical exceptionally entertaining.

Sports

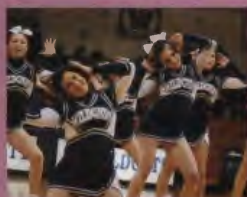

The season was full of ups and downs but the Wildcat Football team played their hardest in the game. This was West Chicago's last year in the DVC conference and the football team wanted to go out with a bang and play their hardest. The scores weren't what they anticipated but the players still had fun out there on the field. Junior **Jason Umphrey** had some advice to share with the next year's players going into the new conference. "Make the most of this opportunity and improve next year," he said. The coaches and other players could not agree more. Despite the controversies over the conference change, each player made a new memory they will keep forever.

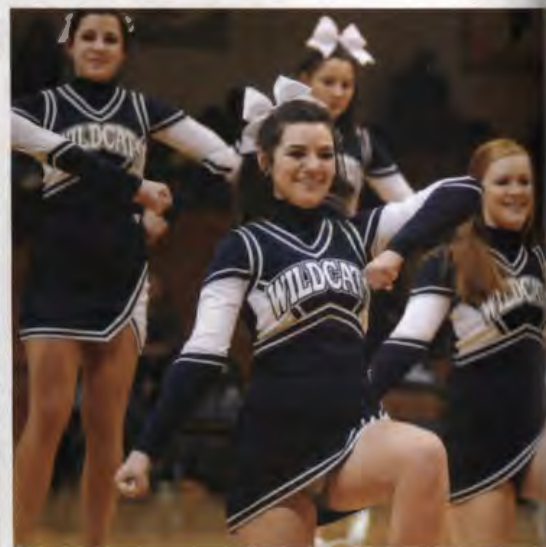

Football

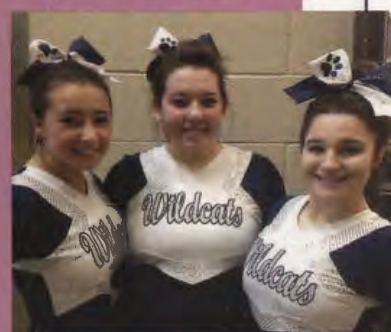

Cheerleading

Wildcat Cheerleading has always been a sport that the girls of West Chicago love to participate in. According to this year's girls, this season was harder because they tried their hardest to finish the season off strong. With dozens of football games, basketball games, and competitions, the seniors had a hard time saying goodbye to their last year as a Wildcat cheerleader. Senior **Lauren Stanton** said "My favorite memory would have to be senior night for football. There's nothing like walking across that track with the rest of the seniors and your family." It was something that not just Lauren but other seniors looked forward to as well. Senior **Kayley Johnson** said she will always remember "When varsity beat GBN at the DVC competition. That victory will remain my favorite part of cheerleading." Lauren and Kayley also had some advice for the next Wildcat Cheerleaders to follow. "Keep a good attitude, cheer on all of our sport teams, and get ready for the new conference! Always remember when things get tough, don't quit. The season difficulties are worth it in the end," they said.

"Although we didn't qualify to State, the girls stayed competitive in the most difficult division in IHSA cheerleading. They worked extremely hard, put in a ton of effort, and continued and continued to improve and grow throughout the season. My advice is to stay focused, set goals, and work hard."
~Retiring Varsity Coach Allyson Passarelli

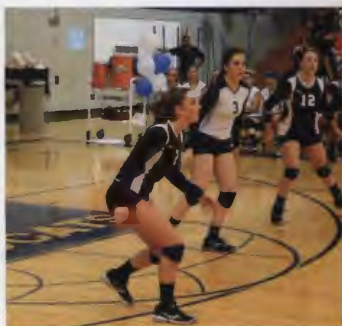

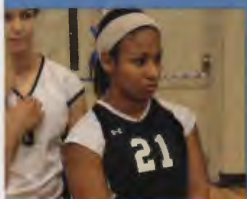

WeGo Poms had a very successful year. On their first competition they placed 2nd. They worked together as a team and put on stunning performances in front of the school at assemblies, competitions, football games, and basketball games. Senior **Kiara Walker** states "Poms was so much fun! I enjoyed being on a team with my friends and being able to dance because that is what I love to do. It was fun competing for the first time. We all worked together to be the best team that we could be. I am going to miss dancing for my school and being able to represent WeGo. Poms was one of the most important things that i did in High School and I am going to miss it."

Poms

Girls Volleyball

As the years go on, the volleyball girls just seem to keep getting better and better at their sport. Not only do they play on the school's team but some even dedicate their extra time to club volleyball teams, giving them more experience to master this difficult sport. Throughout the season, all their hard work paid off as they reached the regional championship game but lost the championship game to Glenbard West. Senior **Ashley Nevitt** stated, "Overall, it was a fun season. The whole team got along great even when we had our ups and downs. I would have to say going to all the tournaments this season was always a great time! In between games we would always hang out and have a few laughs." They tried their hardest and that's all that really counted because at the end of the day, our Wildcats are always on top.

This year was a very memorable year for the boys. The West Chicago varsity soccer team really left a mark on the field. Every boy gave it their all when their feet stepped onto the field. Many of them had goals and each of them accomplished those goals.

"Lots of things happened in the season. Lots of close games, games we should of have won, and a lot of people I am going to miss. I'm going to miss all the people involved in the soccer program and overall my close friends that have been with me since freshman year." said **Jenaro Terrazas**.

"Not only did the boys get along on the field but they also bonded outside of school. Seniors will mostly miss going out to eat with teammates after practice and hanging out outside of soccer." said **Steven Porcayo**.

Boys Soccer

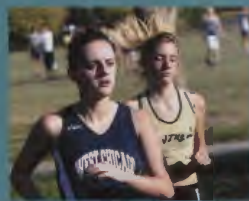

Boys Cross Country

Even though cross country running is largely an individual sport, teamwork is essential to a successful team. All summer long, our school's dedicated runners prepare for the upcoming season, pushing themselves and their teammates to run further and faster. From the first day of school to the last meet of the season, West Chicago's Boys Cross Country team strives to improve times, work hard, and develop a sense of being a part of something greater than themselves. Despite the relatively small number of student athletes who can proudly call themselves a distance runner, West Chicago Boys Cross Country has had an exciting 2012 season! Led by West Chicago's seniors in the Top 7 **Timothy Linhardt**, **Eddy Rubio**, and **Geoff Culloton**, the team left the DVC on a good footing. Freshman **Kyle Olson**, Sophomore **Joe Skipor**, and Junior Captain **Joe Sawicki**, each placed at our school's very own WeGo Invite and are training harder and preparing to step up to the new level of competition this upcoming season. The Boys' Cross Country team is always thrilled to have new guys compete, and running is a great start for students looking to find their place in high school.

Girls Cross Country trained all throughout the summer. With many new faces joining the team, the team was looking bigger than usual. Running every day is not an easy job. All the girls had many goals that needed to be accomplished throughout the season. Every girl was determined to accomplish their best mile time and by the end of the season the mile times were looking lower than ever. Senior **Julia Caithamer** said "I will miss hanging out with everyone all summer and going to Lorado Taft to kick off the season, the stairs that we do there are a major team building experience and I feel like it's always a good way to start off," and Senoir **Katie Yackey** said " I agree with Julia, Our team tends to be really close and summer running, the dunes, and Lorado Taft are big team building activities. I'm also going to miss all the support from the team both in cross

country and outside of it. We are like a family and we spend a lot of time together and we always make great memories."

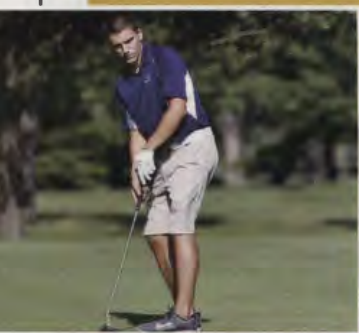

Girls Cross Country

Boys Golf

This season's boys golf team had lot of tough meets but they pulled through and accomplished a lot. Senior **Matt Wenz** stated "Being a member of the golf team has been a great experince for me and I will always remember the experiences I had on golf." The boys worked hard and encouraged each other during the meets.

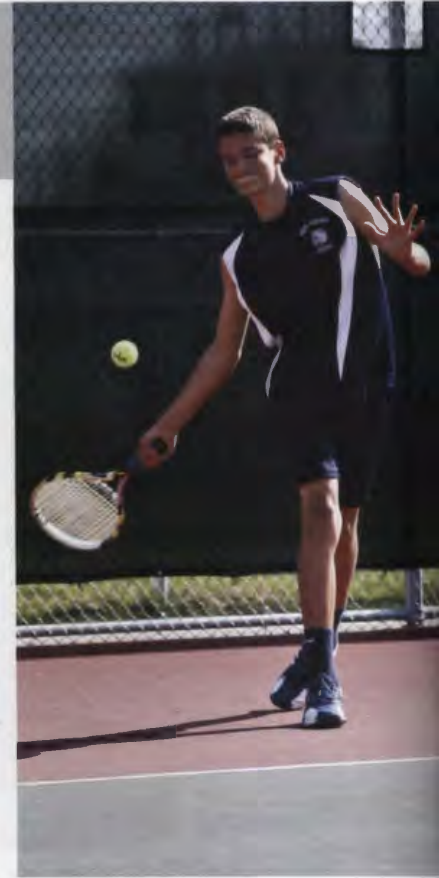

Girls Golf

Boys Tennis

A small team with relentless drive, the members of the boys tennis team proved their willingness to work. **Coach Moeaki** pushed the boys to another limit. With his last year of coaching each boy was willing to give it their all out on the court. Although Coach Moe is leaving, the skills, techniques, and sportsmanship that he has taught the teams will continue to inspire the players until the last game of their senior varsity season. Looking forward to new teammates, these boys hope to carry on Coach Moe's values, as well as assimilate them with the new coach and conference.

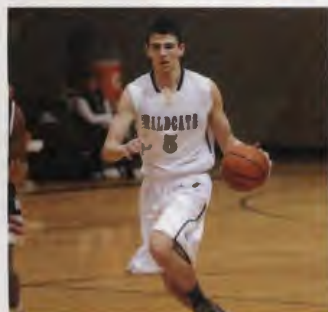

"This season was more successful than we thought it would be. We welcomed a lot of new players this season and everyone improved their strokes and strategies. I'm really proud of this season because I finally realized how far I have come in just three seasons and I can't wait to see the rest of you girls your senior year! Make this season better and keep pushing yourselves; make Moe proud even though he won't be here next season. I know you girls will do great as long as you keep your heads up, don't let a bad day ruin your game play. Don't let any other school with a better reputation intimidate you. Good luck with everything, including the new coach and the new conference. Let's show Upstate 8 what West Chicago is about!" **-Daniela Garcia**

Girls Tennis

Boys Basketball

For their final season in the DVC the boys gave their all every time they hit the court. They played the best they could for every game to make every moment count. Their season went really well besides the record and scores. They worked really well as a team and had excellent coaching. Many memories were made this year in their final DVC season. The boys look forward to their new competition in the Upstate 8 conference next year.

Senior **Laura Panicali** talks about the 2012-2013 season: "The big thing this season was that we continued to improve every game. We always played hard and played as a team. One of our biggest accomplishments was beating West Aurora twice! Senior night was our best game of the season even though we did not win. We played rough against Wheaton North and gave them a big scare. Everyone made major contributions. It was also cool that I broke the single season scoring record and scored a thousand points in my career. Some of our memories were volunteering at Feed My Starving Children and team bonding. We all really got along great and it was a fun season as people could see, we grew as a team and had major improvements from the first game of the season to the last." Laura and her teammates played a great season together and the underclassmen are excited for seasons to come.

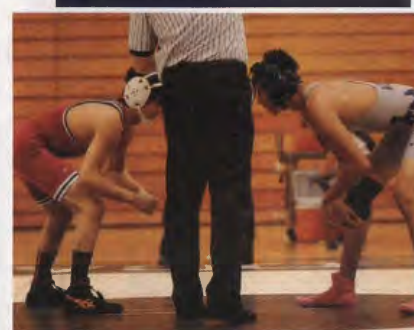

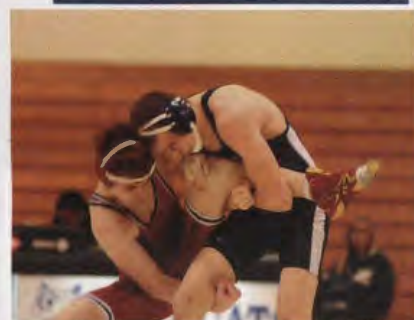

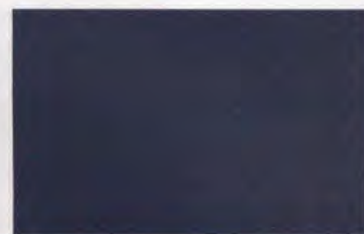

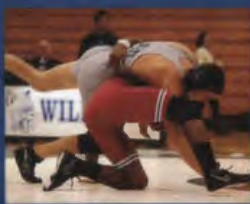

Girls Basketball

Hockey

Wildhawk Nation took over the senior student body this year. The Wildhawks are our club hockey team which combines with other players from Bartlett, Wheaton North, and Wheaton Academy. The boys this year put all their effort into the game when they skated onto the ice. They won some and lost some but the fans were always there for them. The seniors wish the others good luck next year.

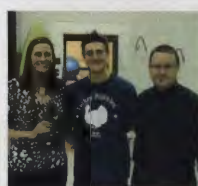

West Chicago Wrestling team this year had another year of ups, downs, and personal bests. The team consisted of hard working boys who dedicated a lot of their time to this sport. If one teammate was out of the mat the rest of the team was cheering and encouraging him to do his best. It was always a great accomplishment when a match was won. The seniors were proud of their season and wish next years teammates the best of luck.

Wrestling

Boys Swimming

The Men's swimming team this year made some outstanding improvements despite small numbers and many obstacles. Everyone improved throughout the season and we accomplished our first DVC dual meet win in over five years with just eight determined swimmers. We also achieved 3rd place at the Leyden invite which earned us another award for the showcase. Ending the season with a bang, we had one swimmer become a conference and sectional champion where he broke two school records. These races qualified him for state in the 50 and 100yd. freestyle.

Well we had a great season! Especially due to the fact that we had double the amount of people; we went from 9 last year to 18 this year. Each of the newcomers were amazing, and toughed out the two-a-day practices that led to some pretty spectacular time drops toward the end of the season. Despite the increase in numbers, we still managed to keep a tight-fitting group with all of our team bonding and constant time spent together through meets and practices. We had a pretty good end to the season at DVC and later at Sectionals qualifying four individuals to State - allowing us to keep the fun going for another week.

I personally know that through all of the clubs or programs I was involved in, swimming was the most important to me. I absolutely love swimming -- not only the sport in general, but all of the people I got to know along the way and the memories that they provided me. Despite all of the times I thought how nice it would be to not practice at 5:30 in the morning, I wouldn't take back any part of my experience on the swim team over the last four years. The team has taught me how important it is to be dedicated to something and that has carried over with me into other aspects of my life. I'm excited to continue my swim career in college, but there is a large part of me that wants to take my team, my coaches, and the trainers with me to college. I loved the team sleepovers, the apple-picking days, beach days, the old bike rides, and the pasta parties!! I'm going to miss everyone on the West Chicago Swim Team and I'm so grateful that I had the opportunity to be a part of the team for the last four years!

-Maya Skorupski

Girls Swimming

Badminton

The wildcat badminton team began the season with many new and old faces. Mr. Delcid, the coach, was the newest addition to the team. He pushed the girls to another limit. With hard work and dedication, the girls gave it their all on the court. Each girl improved their individual scores as well. "This season was memorable. It is sad that this was our last year playing in the DVC but we each left our hearts on the court," said junior **Karla Soto**.

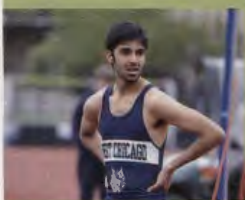

No matter if they won or lost each girl had a smile on their face. "I'm going to miss taking the bus to away games with my teammates since we always made it a memorable time together," said **Jessica Senko**.

Color Guard consisted of spinning and twirling of flags around. The girls, who were a part of it, worked very hard to perfect their spinning flags. The girls also made sure that their time to shine went well. To pull off a great performance, they practiced every Tuesday over the summer and during band camp. From practice, they were determined to make it fun to watch.

Color Guard

Boys Track

This season of track went very well for the boys. Everyone had a ton of personal bests and tried their hardest. All the teammates put in 100% for the event that they participated in. Overall, as a team, they did not place too well but the team was very dedicated and successful on a personal level. Next year there is high hope that they will do great. Next year's returning athletes, **Sean Young, James Kubik, Andrew Zack, Eric Cuautle, John Kulikowski, and Alex Celmer** have a chance to qualify for state in open events as well as relays. The seniors leaving this year wish them the best of luck.

The girls track team worked along with a schedule of vigorous daily practices and weekly meets. The girls worked their hardest to create a great season full of memories and success. Most of the girls either met their old personal bests or achieved a new one. The seniors enjoyed their last year on girls track and encourage their teammates and incoming freshman to never give up.

Girls Track

Seniors, Seniors, and more Seniors! This year's boys volleyball team was made up of all seniors and they played just like a team should. Since they played with each other for the past four years, they weren't only friends on the court, but off of the court they had they teammate system down. Each senior agreed that they will truly miss the game and being a wildcat. Their skill and team work improved as the season progressed and they only got better. The boys want to say goodbye to **Coach Hasty** and good luck next year!

Boys Volleyball

Girls Soccer

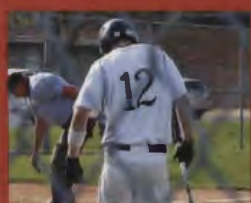

West Chicago Girls Soccer had such an amazing and memorable year. Many records were set for each girl and over all as a team as well. Throughout the season there were ups and downs but they all managed to come together as a team. **Lauren Ott** states "The soccer season was awesome! We really proved ourselves this season and I am very satisfied with our outcome. We won our first regional game which was so exciting. I'm gonna miss being a part of such a fun and close team. These 4 years of high school soccer have been unforgettable!"

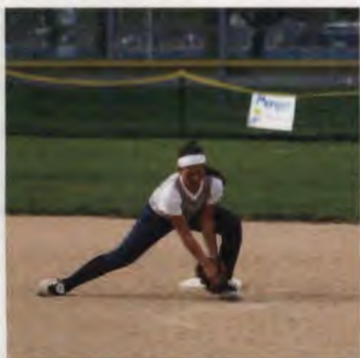

Though the Baseball season this year was a little on the dissappointing side the team itself was the best yet. Senior **Jon Sanders** explains, "We had a great team that really bonded well together with a lot of talent. We were competing in every game we played and lost a ton of close ones. This was the closest team I have been a part of, I love each and every guy I was with and I think that feeling was mutual throughout the entire season. We would all go out to eat at Qdoba. And we had plenty of funny phrases and terms that we used for eachother and just said in general for fun that everyone knew."

Baseball

Softball

The Wildcat Softball girls had another amazing year. The girls who made up this year's varsity team were closer than ever and knew how to play as a team. Once they stepped onto the field their head was in the game. Each time a teammate went up to bat they were encouraged by not only the fans but the wildcats sitting on the bench. The seniors all thought they had an amazing season and they hope the best for next year's Softball Wildcats!

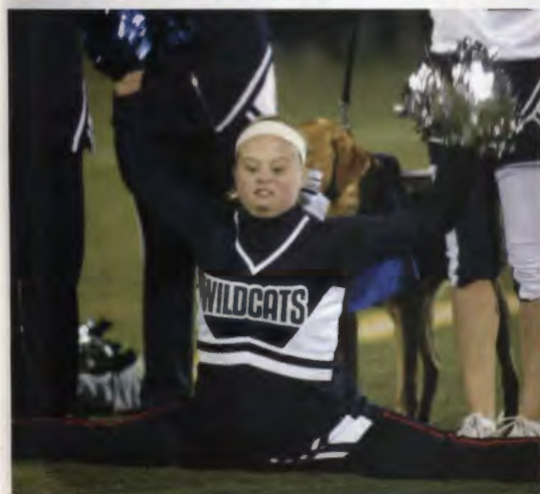

Lacrosse is a fan favorite here at West Chicago and the boys who played will always remember this season. Junior **Jordan Lelito** said "The season started off slow and as it progressed, the team started to win more and more." The players learned to work together and learn from each other. Senior **Rick Nguyen** stated that he will always remember winning his senior night. All of the other seniors agree with Ricky that winning senior night for any sport is always a big accomplishment. This season had its ups and downs but overall the boys put all their effort into the games. A favorite memory for a few players was when **Jordan Lelito** broke Ricky Nguyen's arm. Although it was unfortunate at the time, everyone laughs about it now. This lacrosse season ended strong and even with the seniors leaving, the players hope to continue the hard work into next year.

Lacrosse

Clubs

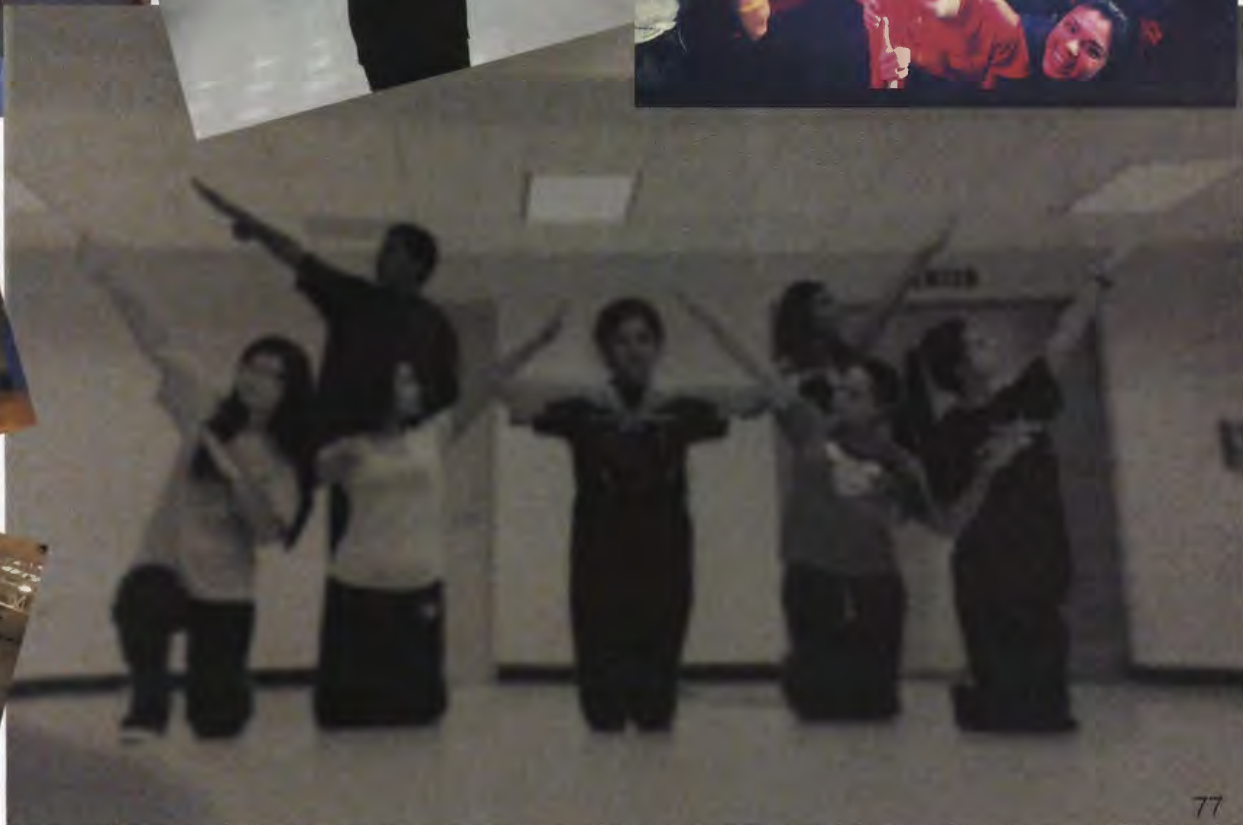

West Chicago decided to add a new club to the list. For the first time, West Chicago students saw this amazing team perform at the first school assembly. The crowd of students was very positive and supporting. The students were speechless of the performance that was delivered and gave Cheer Club a standing ovation. Junior **Olivia Vanderlei** was the cheerleader to start this club; she thought that it was not fair that the other girls didn't have a chance to try out. The staff and teachers were more than supporting when they made time for the girls to perform at various events going on at West Chicago. Olivia will continue the club next year and she hopes it will remain a part of the WeGo clubs after she leaves high school.

Cheer Club

Steppers

It was a season full of accomplishments for West Chicago's Steppers. They took third place for DVC this year, were first place state champions and made it all the way to nationals. This year, steppers started WeGo's Got Dance. Senior **Adilene Flores** states "We have been invited to perform in other states." Senior **Rocio Hernandez** states "We were not told what place we got at Nationals. In the years to come, we are planning on doing a lot of traveling to other states to do showcases, our coach will also be doing two teams of steppers: performing team and competitive team. Thank you to the 150 people that came to try outs. What I loved is that despite losing, we didn't care but continued to care about each other and continued to grow as a team."

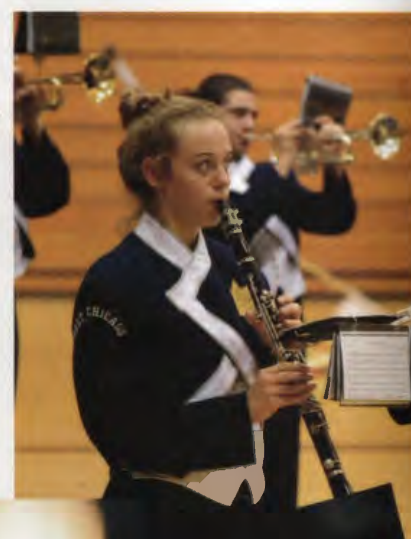

Marching Band

Marching Band has had a plenty of memorable moments this year. Marching Band offers many opportunities for students to practice with their instruments and to even make new friends to share the experiences with. From practicing a ton, they were able to participate in plenty activities such as the homecoming parade, many football games, and even Winfield Good Old Days parade. The marching band played a showcase around the Bishop Gym where they played songs and marched in uniform. Their parents in the audience were proudly viewing their child's hard work paying off as they performed as it was hot and exhausting.

For Concert Band, everyone was very welcoming towards the newcomers. They practiced every day and sometimes had to come in before or after school to make sure their music was perfected. Concerts were awesome, fun, and went great. Concert Band performed about 3 times and the members made unforgettable memories during the shows and practices.

Concert Band

"Although I was only in choir for a year, it was an amazing experience. Everybody was very cool and also very welcoming. We also got to sing some great pieces, and it was cool to see us progress as the year went on. Big thanks to Mr. Fantozzi and everyone else for making the year so awesome!" says senior **Luke Jaconis**.

Choir

OLAS

Equestrian Club

Equestrian Club leader, **Kelsey Wolf**, started this club when she was a freshman and now as a senior she has to leave it behind. She was glad to have had such a successful club and hopes for the best once she leaves. This club lets the students of West Chicago, who have an interest in horses come together and learn about horses and even go to the stables to see horses. This year the teacher leader, Ms. Arnold, who was actually scared of horses, very much enjoyed herself as the members of the club went to the barn to ride the horses. Senior **Kelsey Wolf** stated "I have loved being a leader for this club and I hope to leave behind a club that will continue for a long time."

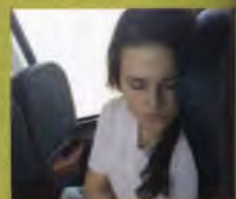

National Honor Society

Members of the National Honor Society put out two successful events this past school year. The Frosty Fest attracted young kids in the community to come out and play games, win prizes, and take pictures with Santa. Their spring event, the Mother's Day Pancake Breakfast, raised over \$400 to donate to the ALS foundation. Not only did the NHS members help out the community by organizing two successful events, but also had fun doing it.

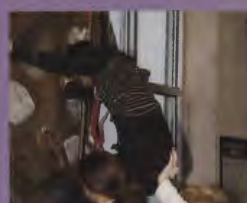

FBLA (Future Business Leaders of America) had an amazing year with membership tripling over the course of the year to total 75 members. This year 37 members attended the state conference in Springfield, double the amount of members they took the last 5 years. Of the 37 members, 33 placed in the top 10 of their respective event, and 8 qualified for the National Competition in Anaheim, California. The competitors enjoyed visiting Disneyland and Huntington Beach in their free time. Grant Hostica and Matt Wenz placed 5th at nationals in the LifeSmarts pilot. Congrats to all the members of FBLA that placed this year and good luck next year to the returning members and new members!

FBLA

Wego Buddies

Wego Buddies is a club where the students of West Chicago high school join with the other students with special needs to do activities and go hang out with them. The students involved always have a great time and lots of laughs. Senior **Tyler Johnston** said "Wego buddies has always held a place in my heart. I have been in the club since my freshman year and it's going to be hard to leave. But I know the club has amazing underclassman involved and it is in good hands." Wego Buddies does activities like rock climbing, snowball fights, sledding, and of course their Wego Prom! This club brings everyone together no matter what challenges they may face. It helps remind Wego that everyone is the same and can come together and have fun.

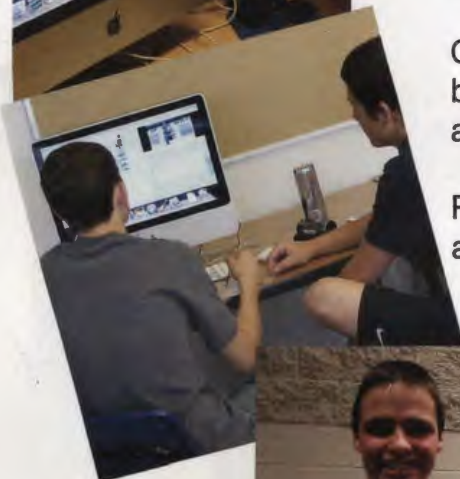

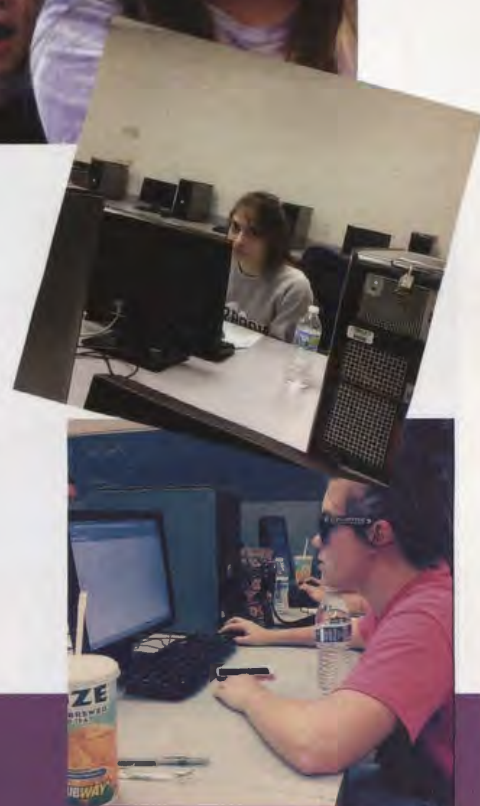

Broadcast Production

On the heels of last year's LipDub, this year's crop of Broadcast Production students worked diligently to create original short films and to produce memorable product for Wildcat Weekly. In April, ten students attended the annual CTEC Video Festival and received special recognition for their work.

Competing in CTEC's Single A Division, **Adam Rawski** and **Josh Brown** each brought home Platinum awards in CTEC's Single A Division for original Comedy and Stop-Motion short films.

Rounding out the year, a small crew of BP students worked with **Mr. Jennings** and **Mrs. Laimins** to complete CHS's first-ever senior class Harlem Shake.

The yearbook team this year worked as hard as they ever have to complete this year's book. With what seemed like endless summer sessions and meeting weekly throughout the school year the three seniors, **Jessica Newman**, **Jackie Fitzgerald**, and **Shivani Patel** made this book their own while teaching the new yearbookers how to make an awesome book. **Andrea Bauler** said "It was fun and I am glad I did it. I was a part of it in middle school but high school is a totally different ball game" Our summer sessions are what we live for. The writing, pictures, and layouts are harder than most people realize. They take time and effort. Jackie stated "I feel good with who we are leaving the yearbook with next year. We have taught them all that we know about the yearbook. Jessica, Shivani, and I wish them luck!"

Yearbook

Interact Club is all about volunteering and getting involved in the community. One of the main events that the members of Interact Club work is the blood drive that happens twice a year. At the drive, members of CHS has a chance to donate blood while the club members supervise and help out where they can. The members of the club enjoy helping others and being apart of a team. They get every close with each other and learn how to work as one. Some of the seniors stated that they will truly miss the club and they wish the new incoming freshman join because they won't regret it.

Skills USA

"Well I was only in Skills USA senior year but I enjoyed it a lot. Going to Springfield and competing at the state conference was a great experience. I learned more of what the organization is about and how beneficial it is for students. I regret not joining sooner but I'm happy I chose to be a part of it for my last year," said Senior **Giuliana LaMantia**. "My experience with SkillsUSA was great. I was a member for four years and I don't regret any second of it. I enjoyed meeting new people. Like any other freshman I was a really shy girl and I was terrified every time I had to go to the front of the classroom to do a presentation. After being in Skills, I began to be more confident and my presentations in front of a group of people were no longer the same. My favorite memory was going to my first state conference; I met a lot of people from all over Illinois. Thanks to SkillsUSA I grew as an individual, gained public speaking skills, leadership skills and team building skills," says **Mariela Montenegro**.

"I've been involved in SkillsUSA since freshmen year and it has truly changed my life. I competed in competitions my first year and since then I have been involved in the leadership aspect of it. I have been a State officer for the past two years. I have had the opportunity to work with multiple people around the state to plan conferences, attend training, and become a more outgoing person because of this role. I plan on being involved in this organization for the rest of my life to help it grow and impact more people. I plan on opening a SkillsUSA chapter at University of Illinois in Urbana-Champaign next year with the help of 4 other people," says Senior **Keyuri Parmar**.

International Club

The purpose of International Club is to learn about different cultures through exposure to art, enjoying ethnic food and experiencing different ways of life. "As a member of this club for four years and the historian in my last year I have made some great memories. My favorite activity was going to the Christkindlmarket in Chicago." senior **Kendal Franz**. International Club participates in many different events throughout the year which include: potluck dinners, a German Christmas market, cultural festivals, foreign films, and much more!" I joined International Club my freshman year and became president of the club my senior year. My favorite memories include the end of the year dinners and learning how to cook foreign foods. I have gained many friendships and made wonderful memories that I will cherish forever." senior **Sarah Wais**.

Wildcat Chronicle

The Wildcat Chronicle is West Chicago Community High School's newspaper which is written, printed, and handed out by students. The writers of the Chronicle are dedicated and work hard to complete their newspaper each month. Senior **Giuliana LaMantia** said "Writing the paper for four years has been a truly rewarding experience. I have learned a lot about writing and it helped me break out of my shell and I am now majoring in journalism." The staff on the yearbook has always been close because of the amount of time they spend together. For preparation, the members plan their section and are assigned sections. For each section they prepare questions and take photos. The team would like to thank their adviser **Laura Kuehn**. The newspaper would not be what it is without her.

Life Smarts

Life Smarts this year took 1st in State and then got their ticket to Atlanta, Georgia and placed 10th in Nationals.

Speech

There is no other club at WeGo that works as hard as the Speech Team. They stay after school for an endless amount of hours perfecting their performances. Their performances themselves don't end until late night. Props to every member who not only went to classes for seven hours but dedicated their time to Speech as well until the last person in the audience left. Hours went into memorizing speeches
