Alex Gaskarth

We're West Chicago brave and bold
We make up the fight our line to hold
We're West Chicago don't you see
So fight, fight, fight, for victory!
Now here's to the teams who have won the right
To carry our colors on the field in the fight
Here's to the team, fight for me and you,
For old West Chicago, white and blue

"We need to tell young people that America was built by men and women of all colors and that the future of this country is dependent on the participation of all of our citizens."

- Walter Dean Myers

as we

A hero is an ordinary individual who finds the strength to persevere and endure in spite of overwhelming obstacles.

Christopher Reeves

The test we must set for ourselves is not to march alone but to march in such a way that others will join us.

"Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education alone will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent."

as we DANCE

Dance never really goes away; it just reforms and reinvents, and it's become more athletic with new connection to fitness and sport. Dance used to have this exclusivity, but not any more.

- Bonnie Langford

as we ENDURE

"Nobody is going to win a 5,000 meter race after running an easy two miles. Not with me. If I lose forcing the pace all the way, well, at least I can live with myself."

- Steve Prefontaine

as we RUN

"There's not a better feeling than when you have found that moment of balance and harmony when both running and life come together. Then you know why you run and that you couldn't live without it."

- Joan Benoit

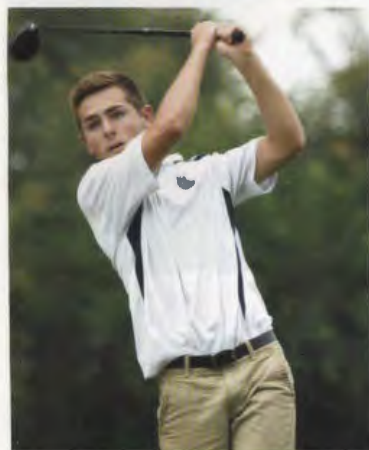

You can play hard. You can play aggressive. You can give 120% but if one guy is out of position then someone is running through the line of scrimmage and he is going to gain a bunch of yards.

Bill Belichick

as we GROW

as we GRIND

If you're in it enough, you're going to be on the good end and bad end of those situations, so keep putting ourselves in contention, and when we're on the good end again, I'll be able to enjoy it even more having experienced the other side of it.

-Jordan Spieth

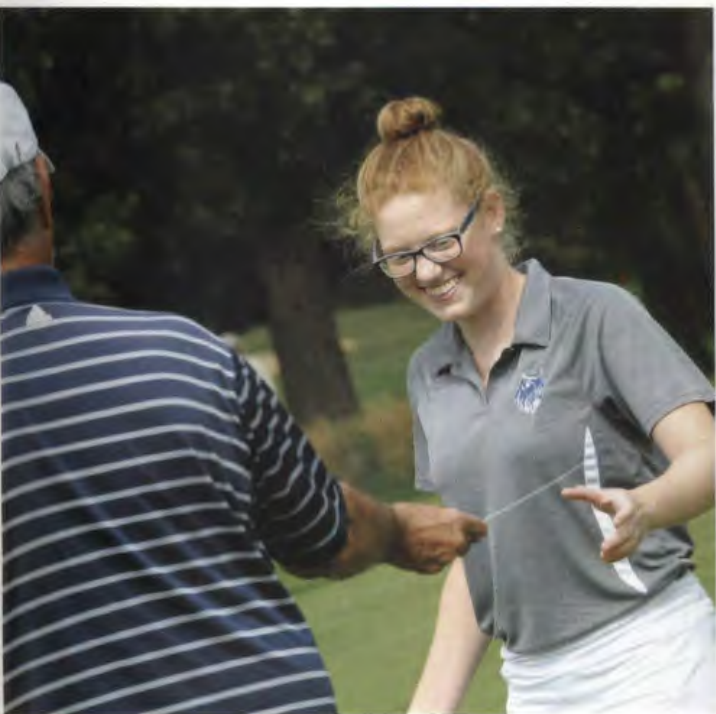

"The girls keep getting longer. I don't know if there's a max point, where your body only lets you hit it so far. But right now the possibilities are endless."

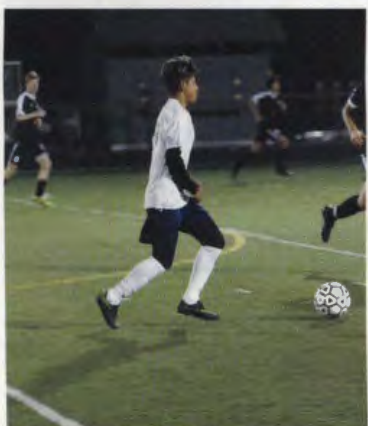

- Brittany Lang

as we DRIVE CHIP

as we SCORE

"The secret is to believe in your dreams; in your potential that you can be like your star, keep searching, keep believing and don't lose faith in yourself."

- Neymar

"What I've done over the past couple years has been pretty great, but even that doesn't define my swimming. Working hard and doing everything I can to be successful should be my identity."

- Katie Ledecky

as we SPLISH AND

SPLASH

as we VOLLEY

"I don't go there thinking I'm going to lose. I never go into a tournament thinking that. I'll do the best that I can. I need to be at my peak and my best is holding up the trophy. Anything less I wouldn't be really excited about. So that's all I can focus on."

-Serena Williams

Not everything you're going to do in volleyball - or in life, for that matter - is exciting or fully functional, but if you have the willpower to make each minute count, you'll benefit in some way. And it will make you a better player and a better person in the long run.

- Karch Kiraly

as we SPIKE

It's not just about working hard, it's about working together. You have to care more about the team than you do about yourself.

John Calipari

as we SHOOT

as we PROGRESS

It's about doing it in a way that it can't be done any better. That is the goal every day.

- Geno Auriema

You will be missed,
Coach Wallner.

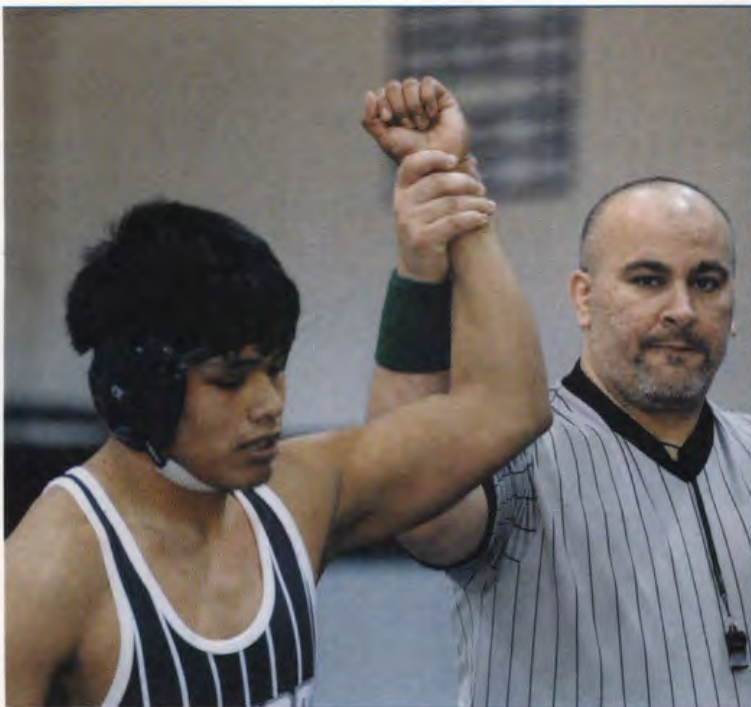

as we Improve

I wouldn't say anything is impossible. I think that everything is possible as long as you put your mind to it and put the work and time into it.

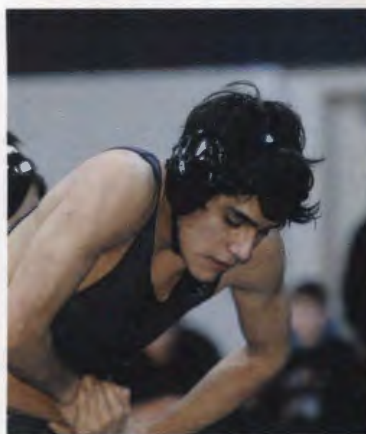

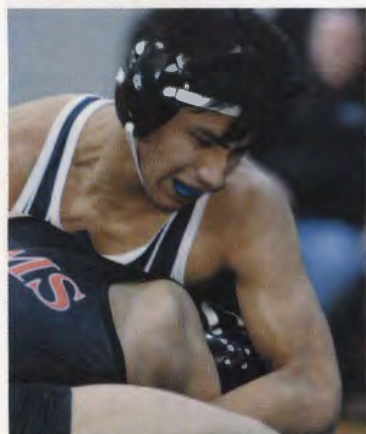

- Michael Phelps

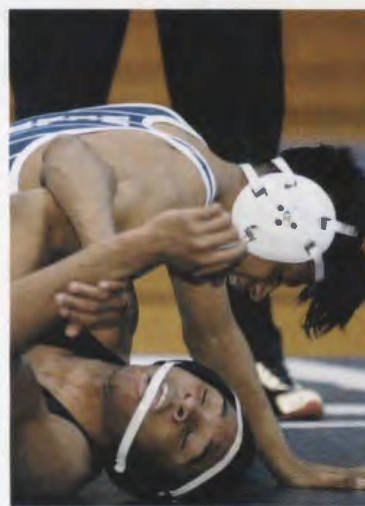

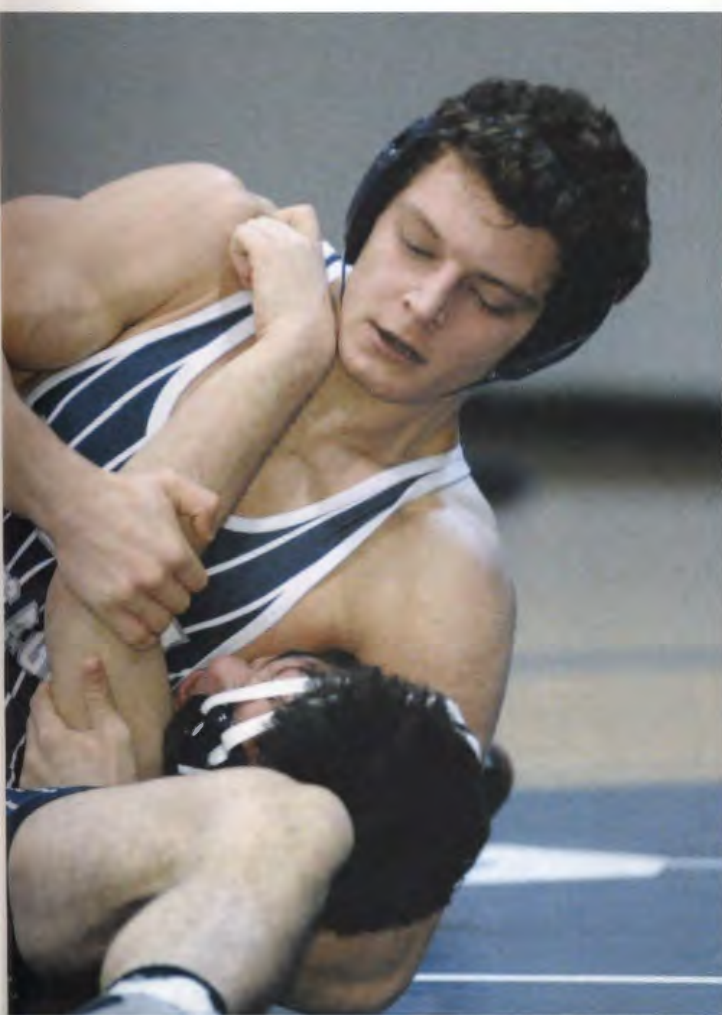

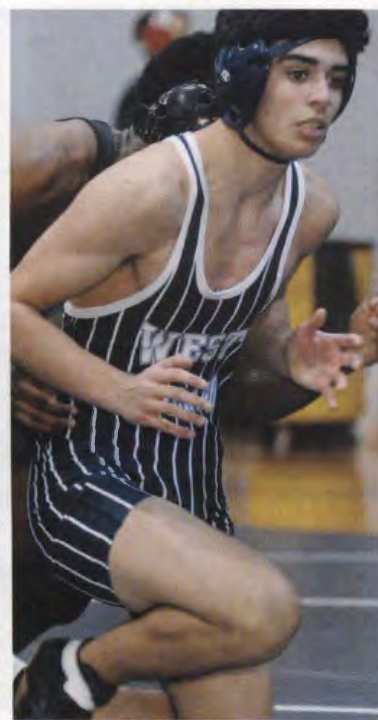

"Wrestlers are a little more dedicated than, and are different from, the other people, which may be strange."

- Dan Gable

as we GRAPPLE

"It's not about winning or losing a competition, it's about beating the doubt from within yourself and knowing at the end of each day you are one step closer to your goals."

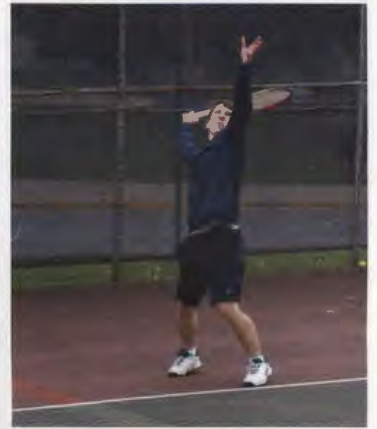

-Jonathan Horton

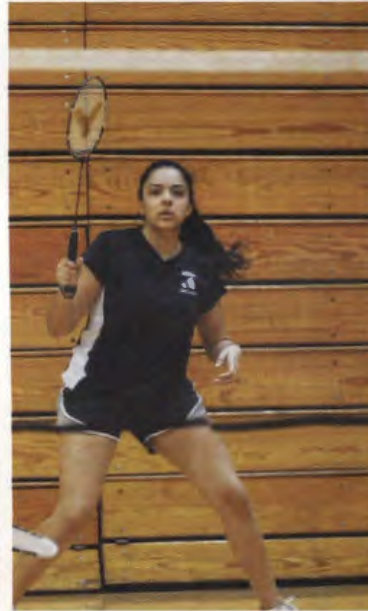

as we STICK IT

"You always want to win. That is why you play tennis, because you love the sport and try to be the best you can at it."

- Roger Federer

as we LOB

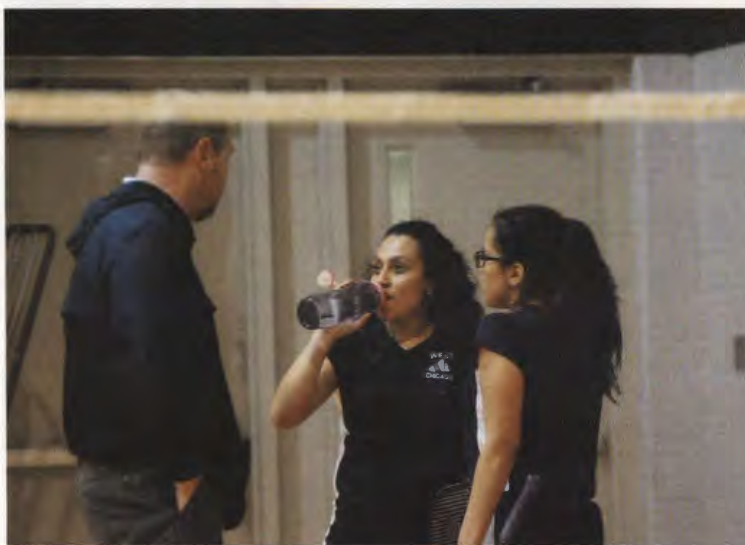

as we SMASH

"A champion has to be disciplined by practicing regularly in the right manner, respect coaches and most importantly ought to have self-belief."

- Saina Nehwal

as we PLAY BALL

"I like to have fun. I have never done anything well in my entire life that I didn't enjoy."

- Joe Maddon

"Every time we have a lacrosse match, another two or three kids come up and want to play. As long as we keep playing the games, we'll keep growing."

- Mike Dubbelde

as we ATTACK

as we STEAL

"Try not to get lost in comparing yourself to others. Discover your gifts and let them shine! Softball is amazing that way as a sport. Everyone on the field has a slightly different ability that makes them perfect for their position."

- Jennie Finch

"Whenever you get to win, you feel the satisfaction of all of your hard work, all the sacrifices, all the blood, sweat and tears. It feels right and makes you realise that you are really doing the right thing."

- Abby Wamba

as we MARK

"Life is often compared to a marathon, but I think it is more like being a sprinter; long stretches of hard work punctuated by brief moments in which we are given the opportunity to perform at our best."

- Michael Johnson

as we RELAY

as we SPRINT,

"The biggest way I stay motivated is to run with a group of friends. Sometimes it's hard to get going by yourself, but if you have a plan and a meeting time, you know this run will happen for sure. It's a way to have fun - while also getting in a workout. Plus it distracts from pain, helps you fight fatigue, and gives you that extra push."

My favorite quote is from Anais Nin who said, "Each friend represents a world in us, a world possibly not born until they arrive, and it is only by this meeting that a new world is born." Because every person you meet, including from our school, exposes you to something new and once you learn something from them you can't see the world the same anymore and that is an amazing thing.

"Sophomore year is often when someone decides that she wants to move away from merely being a student to someone who aspires to become a scholar. It is during this time that this nascent intellectual figures out not only what to do to be successful at school, but also what school can do to allow her to be successful. "

"I have taught at a few different schools in the Chicagoland area, and I have worked with hundreds of freshmen.

However, I have never met ninth graders who perform at such a high level and who have such a rigorous curriculum!

Wego freshmen are the best of the best— period! They work incredibly hard and succeed. I love being a freshmen English teacher at West Chicago!"
